PHILADELPHIA, WED'Y, APR. 30, 1902

Architect Notes.

George Orth & Bros., 341 Sixth avenue, Pittsburg, Pa., are preparing plans for the handsome dwelling to be erected in the Squirrel Hill district, Pittsburg, for Julian Kennedy, consulting engineer. It will occupy a site on Forbes street and will cost about \$75,000.

Carl P. Berger, architect, South Penn Square Building, has completed plans and specifications and sent same out to the builders for estimates for the new edifice for the congregation of the First Presbyterian church, to be built at Bethlehem, Pa. It will be built of stone with slate roof, and will contain auditorium measuring 50x50 feet, main Sunday school room measuring 33x37 feet, infant's class room 19x25 feet, class rooms, and will have the usual church furniture. Bids due May 5th. The following builders are bidding: Angus S. Wade Co., and Harry Kuemmerle, of this city, Stout & Snyder, W. P. Danzer, F. F. Speck, Cornelius Buyscher, B. H. Birkel, of South Bethlehem, Chas. Edwards, Ritter & Smith, James Nagle & Son, of Allentown, Pa. Bids were due yesterday in Mr. Berger's office for alteration and additions to the factory of Messrs. C. F. Rummey & Sons, at the southwest corner of 5th and Cherry streets. Plans call for the removal of two buildings to the south of the present ones, and the erection of a four-story and basement factory on the site. It will measure 30x52 feet, and will have a store on the first floor, work rooms and offices on the above floors. The front of the building will be in buff brick, roman size, with granite and terra cotta trimmings. The inside will also be faced in light brick with iron and slow burning mill construction. It will have best plumbing, steam heating, electric lights, cement pavements, slag roof tower, fire escape and all modern improvements. Con-

tract will probably be awarded this week.

Hales & Ballinger, architects and engineers, 1200 Chestnut street, have prepared plans and specifications and invited estimates from builders for the erection of two additional stories upon the present six-story fire-proof printing house of J. L. Ketterlinus, Arch street, above Fourth.

The building is 75 ft x 80 ft; contains full power plant, including hydraulic passenger elevator and freight elevator. Another hydraulic freight elevator and a tower fire escape between the new and old buildings on Fourth street, and connecting with both buildings, will be constructed and extended up the six stories. The present brick enclosed stairway will also be extended up, and water supply tanks will be placed thereon. There will also be a tower extended up over a portion of the building, supporting a large tank twenty feet above the roof, for supplying automatic sprinklers.

The same firm has prepared plans and invited estimates from certain contractors for the erection of two six-story additions to the shirt manufacturing plant of Tutelman Bros. & Faggen, American and Jefferson streets, Philadelphia; one building having a frontage of 43 feet on American street by a depth of 47 feet, six stories and basement, and having improved tower fire escape at the north end, including the making of a brick enclosed shaft to the present elevator and extending an additional story and connecting of the stairway at the Jefferson street end of the present building to the tower fire escape.

This building is separated from another new building on the east by a brick fire wall, having automatic fire doors each side of the opening in each story. This second building has a frontage on Philip street of 117 feet and depth of 70 feet. It also contains an improved fire escape, elevator and water closet shafts at the north end so arranged as to support a tank containing 35,000 gallons of water at a point 20 feet above the roof. There is also provision for two additional tanks of like capacity, making over 100,000 gallons of water at that height, to supply sprinklers and hose lines. There will be automatic fire doors, and windows facing areaway will have wire-glass in metal frames, all buildings of slow burning construction.

PHILADELPHIA, WED'Y, MAY 7, 1902

Architect Notes.

On account of the price being too high Wm. F. Kolle & Co., architects, Heed Building, will prepare revised plans for the Philadelphia Quartette Club's new building at Germantown and Lehigh avenues.

It is reported that Charles M. Burns, 717 Walnut street, architect, has been commissioned to prepare plans for the rebuilding of the Protestant Episcopal Church of the Saviour at Thirty-eighth and Chestnut streets.

Jacob Naschold, architect, 504 Walnut street, has been commissioned to prepare plans and specifications to govern the erection of a handsome new porch for the Soldiers' and Sailors' home at Erie, Pa., and will send same to the commissioner of the home for bids about May 8th.

Chas. J. Brooke, architect, 14 South Broad street, is working on plans for alterations and additions to the residence of Mr. Fred. Harney at Merchantville, N. J. Plans call for a new back building two stories in height, to be built of stone, and general interior improvements. Will be ready for bids in a short while.

There is to be a new amusement pavilion built on the boardwalk, near the Japanese Tea Garden, Atlantic City, N. J., for W. Lee Hill. This structure will measure 50 x 250 ft. and will have an ornamental front of Galvanized iron. It is reported that Chas. J. Brooke, architect, 14 South Broad street, is engaged on plans and specifications.

William Charles Hays and Adin B. Lacy, associate architects, plans and specifications have been accepted in competition for the Y. M. C. A. to be built at Seventh and Edgemont avenue, Chester, Pa. It will measure 125 x 80 ft and will be five stories high with basement and will be built of stone. Details of this building previously noted in

one of our issues. This building will probably cost about \$70,000. Working plans will be made as soon as possible.

Architect Guy King, 431 Walnut street, is taking bids for a power house and pumping station for the New York Interurban Water Co., Mamaroneck, N. Y. Stone building 50 x 178 ft, tile roof, iron and steel, etc. Also residence for Mr. Frank Presbrey, Briarcliff Farms, N. Y. Frame and stone, shingle roof, 60 x 70 ft. Also estimates are being taken for Nautical Academy, Easton, Md. Main building 100 x 60 ft. Two wing buildings 60 x 40 ft. Power plant, electric light plant, chapel, dormitories, etc.

Carl P. Berger, architect, South Penn Square Building, is engaged on plans and specifications for the erection of a new house for Mr. Andrew Kessler, to be built at Logan, Pa. It will be three stories in height and contain 13 rooms, with bath, and measure 29 x 48 ft. The exterior will be of brick with Indiana lime stone trimmings, porch front and slate roof. The interior will be finished in hard wood and heated by hot air. This dwelling will cost about \$4,500. Will be ready for bids in a few days.

Amos Barnes, architect and engineer, Ninth and Walnut streets, is at work on plans and specifications for five houses for C. L. Jamison to be built in a certain part of Manayunk, Pa. They will be built of brick with porch fronts, and will have all modern improvements. These houses were to be built at Leverington and Boone streets, but the owner has decided to build smaller houses. The exact location cannot be given at the present time. Will be ready for bids in about 10 days.

Carl P. Berger, architect, South Penn Square Building, is working on plans and specifications for alterations to the property at 1618 Columbia avenue for Mr. Andrew Brown. This residence is three stories high measuring 16 ft 6 in x 88 ft. Plans provide for altering the first floor into a saloon and cafe, with tile floors and wainscoting, metal ceiling, marble work, electric lighting, and bells, fans, plate glass windows, and mirrors, iron grills, and bar fixtures. There is also to be a new front to this building, of Indiana lime stone, and general interior improvements to the dwelling part. Will be ready for bids about May 8th.

Savery & Scheetz, architects, Stephen Girard Building, have completed plans and specifications and will send same out to builders for estimates on Thursday, May 8th, for a one and a half story school building for the Friends School, to be built at Lansdowne, Pa. It will measure 33 x 41 feet. Bids due May 15th. The following builders are bidding: Wm. Shuster, Jr., E. Bishop and J. S. Wilson, of Lansdowne, Pa. The same office has completed plans and specifications and sent same to builders for estimates for a three-story factory building measuring 50 x 84 ft and a one-story boiler house, measuring 17 x 37 ft, to be built of brick and slow burning mill con-

struction, for Horace Linton Bros., to be erected at Ruth and Clearfield streets, this city. Bids due the end of this week. Cramp & Co. and Jno. R. Wiggins are bidding.

Building and Real Estate Notes.

H. L. Reinhold, Jr., architect want estimates for woodwork and interior fixtures for the Union National Bank of the Mount Holly Trust and Safe Deposit Co., at Mount Holly, N. J.

John B. Rulon, artesian well driller, Ivyland, Pa., has been granted the contract to drill the wells for the Yardly Mills Co., at Yardly, Pa., to furnish water for the Yardly borough.

The congregation of the Presbyterian Church at Oak Lane, Phila., has bought a lot at the southeast corner of Eleventh street and Oak Lane road as a site for a new church to be erected in the near future.

The barn and tank house on the soapstone farm near Merion Square, owned by Clement A. Griscom, President of the International Steamship Company, was destroyed by fire last week. Loss \$10,000.

Appleton & Burrell, builders, 1204 Chancellor street, have plans posted for alterations to the rolling mill for the Midvale Steel Co., at Nicetown, Phila. Bids due May 8th. Plans and specifications by the company engineer.

Machin & Brown, builders, 147 North Seventh street, have revised plans posted for the new apartment house to be built at Nineteenth and Mt. Vernon streets. (Details previously noted.) Bids due May 10th. Plans by Milligan and Webber, architects, 520 Walnut street.

Shoemaker Co., builders, 113 North Seventh street, have been awarded the contract to build the new signal tower at Jenkintown, Pa., for the Philadelphia and Reading Railway Co. It will measure 32 x 17 ft. and will be built of Granite and brick. Plans by the company engineers.

Jos. Bird, builder, 1009 Arch street, has been awarded the contract to build the four-story factory building at 1008-10 Spring street for Shaw and Eweling. It will be built of brick and slow burning mill construction. Contract price \$5,000. Plans and specifications by private parties.

Doyle & Doak, builders, 1509 Sansom street, have plans posted for a six-story and basement building to be built at northeast corner of Juniper and Market streets for the Harrison estate to replace the one recently destroyed by fire. It will measure 42 x 80 ft and will be built of brick and steel and slow burning mill construction. This building will be arranged to suit the needs of Shovel & Fryer wholesale and retail grocers. Bids due to-day. Builders F. S. Riggs, James Johnson, J. R. Wiggins and W. E. & A. E. Wells are also bidding on this building. Plans and specifications by Edgar V. Sellar, architect, Real Estate Building.

site for the proposed new city jail.

At Sea Girt, Monmouth county, improvements will be made to the camp grounds at a cost of about \$17,520. These improvements will include a system of sewers, an administration building and a supply of pure water.

Through Delaware

At Wilmington, Megary & Son will erect a large building at Sixth and Orange streets.

At Georgetown, a franchise is said to have been granted to the Seaford-Rehoboth Electric Railway Company.

At Seaford, the First National Bank will erect a handsome building at High and Cannon streets. It will be 25x60 feet, of brick, stone and terra cotta. Mosaic tile floor, fine interior finish and all modern conveniences.

At Dover, a short time since, a public meeting was held at the court house to discuss the subject of a new sewerage system. The substitution of a standpipe or reservoir has been suggested by T. Chalkley Hutton, city engineer of Wilmington, who also stated that five miles of sewer pipes to cost \$25,000 would be required.

At Wilmington, the J. Taylor Gause property at Pennsylvania avenue and Clayton street has been bought by Mrs. Eugene du Pont, who, it is said, will have the present dwelling torn down and replaced by a costly dwelling, and the grounds laid off and improved by landscape artists to resemble a park. The sale was made through Charles F. Kurtz.

At Wilmington a permit has been granted to Frederick Pyle to erect twenty-four dwellings on the block of ground bounded by Van Buren, Harrison, Beech and Sycamore streets. They will be well finished throughout and provided with modern conveniences.

—A handsome dwelling will be erected on Broome street by William B. Lobdell, fine interior finish, all modern improvements.

—The storehouse of Francis Kelley & Co., on Shipley street, will be enlarged by the erection of an addition.—The cornerstone of the new Sisters of St. Paul's Roman Catholic Church was laid last Saturday by Bishop Monaghan.—Mr. William P. Bancroft has offered \$25,000 towards a fund for the removal of Delaware College from Newark to Wilmington.

Through Maryland.

At North East, the Official Board has decided to erect a new Methodist church to cost about \$7,000.

At Baltimore, J. H. Trayner will erect two three-story brick dwellings, to cost \$6,000.

—F. W. Trimble has applied for a permit for the erection of a seven-story and basement apartment house at Preston street and Guilford avenue.—F. Junker has applied for a permit to erect a five-story hotel at 20 and 22 East Fayette street.—The International Trust Company will erect a brick, marble and iron building on Baltimore street, near Charles street.—C. H. Gerwig has broken ground for six two-story dwellings for J. T. Reed, on Greenmount avenue.—Henry Smith & Sons have begun work on two five-story buildings for Theodore Marling, to cost \$22,000.—William Collett will erect twenty-one two-story dwellings on Clifton avenue.—C. H. Gerwig will erect 15 two-story dwellings on Twentieth street.—J. E. Cullimore will erect five two-story brick dwellings.—H. S. Rippel has the contract for improvements to be made to 20 and 22 East Fayette street, for Frank Junker. Cost \$10,000.—The

Soldeska Jednota B. A. will erect a hall, gymnasium and club house at Gay, Preston and Hoffman streets. Cost \$18,000. Theodore K. Ahrens architect, A. Keil builder.

—A permit has been issued for the erection of an apartment house at Preston street and Guilford avenue by F. W. Trimble. Cost \$14,500.

Washington, D. C.

Congress will consider at once the extension of the east front of the Capitol, and the decoration of the interior of the rotunda. The design for the front was prepared by the late Thomas U. Walker, the former architect of the Capitol. The cost of the improvements will be about \$3,000,000.—W. T. Haller has made plans for a row of dwellings to be erected on Whitney avenue for S. Edward Redfern. They will be three stories high and provided with modern conveniences. The same architect has made plans for an apartment house to be erected on Corcoran street, between 16th and 17th streets, for Mr. Redfern. It will be four stories high, of buff brick and stone, fine interior finish.—The Washington Sanitary Dwellings Company has plans prepared for forty two-story dwellings to be erected at Rhode Island avenue and Fourth street.—New floor and joists will be laid on the Pennsylvania avenue bridge across the Eastern Branch. Cost \$6,000.

Wants.

Treasury Department, Office of the Supervising Architect, Washington, D. C., April 25, 1902.—Sealed proposals will be received at this office until 2 o'clock P. M. on the 2nd day of June 1902, and then opened, for the construction (including plumbing, heating apparatus, electric wiring and conduits) of the Hygienic Laboratory of the U. S. Marine Hospital Service, at Washington, D. C., in accordance with drawings and specifications, copies of which may be had at this office, at the discretion of the Supervising Architect. James Knox Taylor, Supervising Architect.

Plans have been filed with the War Department at Washington for the proposed bridge between Perth and South Amboy, N. J.

At Orange, N. J., Common Council will soon let the contract for a hydraulic pump to be placed at Campbell's Pond Pumping Station. Cost about \$15,000.

PHILADELPHIA, WEDNESDAY, MAY 14, 1902.

\$5.00 PER YEAR.

Architect Notes.

Emil Hartman, architect, 514 Walnut street, will erect a new house for himself at Fern Rock, Pa. It will be two stories high and will be built of brick with Indiana limestone and will measure 16 x 40 feet. It will have a porch on the front, and will contain all modern improvements.

At Orange, N. J., E. H. Gilbert has made plans for rebuilding the Babcock Building at 240 West Front street. Steam heat, electric lights, electric elevator, iron columns, tile roof, all modern improvements. The cost will be about \$80,000. Mrs. George H. Babcock, owner.

William Copeland Furber, architect and engineer, 421 Chestnut street, is working on plans and specifications for an addition to a weaving mill near Philadelphia (the exact location cannot be given at the present time). The addition will be a one-story brick and stone shed measuring 160x120 feet, with a glass roof, cement floor. Built of slow burning mill construction. Will be ready for bids in one week's time.

Louis C. Hickman, architect, 323 Chestnut street, has completed plans and specifications for alterations and additions to Walter M. Sternbacher's residence at 1504 Spring Garden street. Plans provide for a new three-story and basement back building to be built of brick, and general interior improvements to the present residence. Bids due May 15. Charles Gilpin, H. Marion Zane and Angus S. Wade Co. are bidding.

Caldwell & Simon, architects, 1229 Walnut street, have completed plans and specifications and sent same out to builders for estimates for alterations and additions to the residence of Mr. E. Irwin Scott, at Swarthmore, Pa., plans provide for a new three-story addition to be built of stone and frame, and general interior improvements. The following builders have been invited to bid: R. C. Ballinger Co., W. R. Dougherty, Thomas Seeds and John Davies & Bro. Bids due May 16.

J. C. M. Shirk, architect, 421 Chestnut street, plans and specifications have been accepted in competition by the School Board of Ambler, Pa., to erect their new school house at that place. It will be two stories in height and will measure 85x60 feet, and will be built of stone, with slate roof. This school will have every appointment of an up-to-date building of its kind. Working drawings will be ready in about two weeks.

At Montclair, N. J., A. F. Morris, 43 North Fullerton avenue, has made plans for a three-story brick and stone store and office building to be erected at a cost of \$50,000. It will be finely finished throughout, steam heat, electric lights, open plumbing, tiling,

mosaic work, metal ceilings, plate glass and all modern conveniences.

Hudson S. Vaughn, architect, of Atlantic City, has completed plans and specifications for a four-story stone addition to the Insane Asylum to be built at Mays Landing, N. J., and has sent same to builders for estimates. It will cost \$30,000. Bids are to be sent to the Atlantic County Freeholders on or before May 15.

Oscar Fritscher, architect, 441 Chestnut street, has been commissioned by the building committee of the Keneseth Israel Temple on Broad street between Columbia and Montgomery avenues to prepare plans and specifications for the remodeling and interior decorations to the Temple. This work will cost about \$10,000. Plans will be ready for bids in a short while.

Wm. C. Pritchett, architect, 424 Walnut street, has been commissioned to draw plans for an eight-story brick structure to be built on the old site of the Presbyterian Church, 1006-16 Arch street, for J. C. Winston Company, book publishers. This building is to be fire proof. There will be an arcade driveway around three sides and a loading platform in the rear.

Mantle Fielding, Jr., architect, 110 South Fourth street, has completed plans and specifications, and sent same to the owner for a handsome residence to be built at Savannah, Ga., for Mr. J. L. Hardee. It will be three stories high, and will be built of stone and frame. It will have a large porch on the front and side. The interior will be in hardwood finish, and will be heated by hot air, wired and lit by electricity, and will have all modern improvements.

At Plainfield, N. J., Frederick L. Lancaster, First National Bank Building, has made plans for a two-story and attic dwelling for Charles B. Pope. No contracts let.—William H. Chum & Son, 28 Somerset street, have made plans for a two-story and attic frame cottage to be erected on South Seventh street for James C. Manning. It will have hardwood interior finish, electric lights, open plumbing, tiling and furnace heat. Cost about \$4500.

Hales & Ballinger, architects and engineers, 1200 Chestnut street, have completed plans and specifications, and sent same out for estimates, for a new residence for R. C. Remmey to be built at 1214 West Lehigh avenue. It will be three stories high with basement, and will measure 69 x 24 feet. It will be built of mottled brick with stone trimmings. The interior will be in hardwood finish, and will have all modern improvements. Bids due May 15. Angus S. Wade & Co., and Chas Gilpin, builders, are bidding.

Wilson Bros. & Co., architects and engi-

neers, Drexel Building, have completed plans and specifications and sent same to builders for estimates for a two-story and basement warehouse for Fells & Co., to be built at Island Road, and the P. W. & B. Railroad. It will measure 82.10 x 154.10 feet, and will be built of brick and slow burning mill construction. Bids due May 16th. The following builders have been invited to bid: Burd P. Evans, Wm. R. Dougherty, J. E. & A. T. Pennock, Geo. F. Payne & Co., John R. Wiggins & Co., W. A. Hurlock & Son, and Lewis Havens & Sons.

Duhring, Okie & Ziegler, architects, South Penn Square Building, have completed plans and specifications, and sent same out to builders, for estimates for a four-story tenement house to measure 130 x 70 feet, to be built at the northwest corner of Seventh and Catherine streets, to be known as the Ravello Apartments, for the Octavine Hill Association. It will be built of brick laid in Flemish bond. The construction will be semi-fire proof. The basement and first floor will be stores. Bids due May 15. The following builders are bidding: Appleton & Burrell, W. R. Dougherty, R. C. Ballinger & Co., Wm. W. Rea's Sons, D. A. McClelland, F. E. Wallace and Roydhouse Arey Co.

Frank R. Watson, architect, 1208 Chestnut street, has completed plans and specifications and sent same out to builders for a new rectory for the congregation of St. Phillip Neri, to be built on the south side of Queen street west of Second street. It will be three stories high, and will be built of stone and brick and will contain all modern improvements. Bids due May 21. The following builders have been invited to bid: M. McGee & Co., Wm. R. Dougherty, Cornelius Kieley, Geo. C. Dietrich and John O'Donnell. Mr. Watson in a few days will award the contract for the alterations and improvements to the basement of St. John's R. C. Church on Thirteenth above Chestnut street.

Isaac Pursell, architect, 119 South Fourth street, is working on plans and specifications to govern the erection of a home and dormitory building for the "Home for Feeble Minded Women" to be built at Vine-land, N. J. It will be 45 x 90 feet and will be two and a half stories high, built of stone and frame. Will be ready for bids in about two weeks. VOL. XVII.—No. 21.

PHILADELPHIA, WEDNESDAY, MAY 21, 1902

\$5.00 PER YEAR.

Architect Notes.

J. M. McCollum, Washington, Pa., will prepare plans for an addition to the Avalon school to cost \$30,000.

Frank R. Watson, architect, 1208 Chestnut street, is working on plans and specifications for extensive alterations to the Parish house of the congregation of St. James P. E. Church, at Forty-seventh and Kingessing avenue.

The Bethlehem Evangelical Lutheran congregation at Thirtieth and Diamond streets, will erect a new church. Philadelphia architects will probably be invited to submit competitive plans for the proposed structure.

Walker & Morris, 44 Pine street, New York City, have made plans for dwelling to be erected at Plainfield, N. J., for Frank De Lacey Hyde. Tile roof, hardwood floors, steam heat electric lights, tiling, &c. Cost \$30,000.

J. N. Cady, Summit, N. J., has prepared plans for a church for the First Baptist congregation of Summit. It will be of brick and stone and will cost \$30,000. Rev. Warren Childs is a member of the building committee.

C. C. & A. L. Thayer, New Castle, Pa., have prepared plans for a school building to be erected at East Liverpool, Ohio. It will contain eight rooms and will cost \$20,000. Bids will be received for its erection until June 4, by the Board of Education. Walter B. Hill, clerk of Board.

VOL. XVII.—No. 22.

PHILADELPHIA, WEDNESDAY, MAY 28, 1902

\$5.00 PER YEAR.

Architect Notes.

Edward J Carlisle & Co, 901 Westinghouse Building, Pittsburg, Pa, have prepared plans for a school building to be erected at Baldwin, Pa.

Thomas Podmore, Wilkesbarre, Pa, has prepared plans for a school house to be erected by the Board of Education in the East End, at a cost of \$20,000.

Paul & Seymour Davis, architects, 907 Walnut street, have plans in the course of preparation for an addition to W H Grundy Co's mill, at Bristol, Pa. It will be two stories high, and will measure 60x120 ft, and will be fire-proof. Will be ready for bids in a short while.

T D Evans, Lewis Building, Pittsburg, Pa, has prepared plans for a building for girls, to be erected at the Pennsylvania Reform School, Morgantown, Pa. Bids for the erection of this building will be received until June 2, by the Building Committee, of which A G Happer is chairman.

Housekeeper & Co, architects, have completed plans, and asked for bids, for a new colonial residence for Mr L H Delp, at Lansdale, Pa. It will be two stories, of brick, with attic and porch front, 30x35 ft. The interior will be in hardwood finish, with modern improvement. Cost, \$4,000.

Baker & Dallett, architects, Crozier Building, have completed plans and are taking estimates on a bank and office building to be built at Welsh, W Va. It will be three stories high, and will be built of stone with terra cotta trimmings, and will contain all modern improvements.

Newman, Woodman & Harris, architects, Real Estate Building, have completed plans and sent same out for estimates for alterations of the second floor of the residence of Major Hancock, at 2107 Spruce street. Plans provide for a large living room and a new library and general interior improvements.

Duhring, Okie & Ziegler, architects, South Penn Square Building, have completed plans and specifications and sent same out for estimates for alterations and additions to the residence of J H Dingee, at Paoli, Pa. Plans provide for a new wing to be three stories high of stone, and general interior improvement.

Louis Hickman and H. J. Wetherell, associate architects, have completed plans and specifications for a new house and sent same out for estimates to be built at 2014 Pine street. It will be four stories high of brick and stone, and will contain all modern improvements. Stacey Reeves Sons and Charles F Sharp are bidding.

Dull & Coates, architects, 1126 Walnut street, have completed plans and specifications and sent same out for estimates for additions to residence of Mr E J Franck,

Sixtieth and Elwood ave. Plans provide for a three-story addition of frame and stone, with slate roof, and improvement to the interior of the present residence. Maguire & Emery, M J Welsn, Jos Price and G W Stelmets are bidding.

The plans for the new church of the Bethlehem Evangelical Lutheran Church to be built at Thirtieth and Diamond streets, will be subjected to an architectural competition and should be sent to Isaac M. Miller, chairman of the building committee of the church, by June 7. This church is to cost \$38,000.

Kennedy & Kelsey, architects, 931 Chestnut street, have plans in the course of preparation for alterations and additions to the stables of William A. Dick at Chestnut Hill. There is to be a two-story addition built of stone with shingle roof and general interior improvements to the present stable. Will be ready for bids on June 2.

Louis Hickman, architect, 328 Chestnut street, has completed plans and specifications for the mechanical plant for the new Stock Exchange, bids due May 29. The following are bidding: Faith & Co., Geo. F. Huber, Muckel Co., Thompson Bros., Robt Schall, P. Gormley, Phila. Steam Heating Co. and Standard Electric Co.

Wesley Leshner Blithe, architect, is working on plans for two semi-detached houses to be built at Ardmore, Pa. They will be three stories high and will be built of red brick with porch fronts. Interior in hardwood and will contain all modern improvements. They will cost \$8,000. Plans will be ready for bids in one week's time.

Chas. Bolton & Co., architects, Witherpoon Building, will send plans and specifications this week to the church committee for the new edifice for the congregation of St. Paul's Reformed Church, at Lancaster, Pa. It will be one story and basement high, and will be built of stone and will cost \$50,000. (Details of this work previously noted.)

Lockwood, Green & Co. architects and engineers, of Boston, Mass., will prepare plans for the large factory plants for Hale & Kilburn, furniture manufactory of North 4th St. A plot of ground at E'steenth and Lehigh avenue has been secured, measuring 750 x 200 feet and a number of buildings will be erected. The main factory will be four to five stories high. All will be built of brick and slow burning construction and when finished will be one of the largest and most complete plants of its kind in the country.

The plans for the proposed building to be erected for the use of various Philadelphia clubs and organizations for women, have been prepared by Miss Chapman, of New York who furnished the plans for the Woman's Building at the Pan-American Ex-

position. The site under consideration is on one of the principal streets near the centre of the city. VOL. XVII.—No. 23

PHILADELPHIA, WEDNESDAY, JUNE 4, 1902.

\$5.00 PER YEAR.

Architect Notes.

The Board of Education at Cranford, N. J., want plans for additions to the Sherman school.

Duhring, Okie & Ziegler, architects, South Penn Square Building, have sent revised plans to R. C. Ballinger & Co., at 218 North Thirteenth street, builders, for estimate on stable of Mr. J. Sharpe to be built at Berwyn, Pa. It will be two stories high and will be built of stone. Bids due June 5.

Jos. Flynn, architect, Harrison Building, has completed plans and specifications and sent same out to builders for estimates for a store and dwelling to be built at Narberth, Pa., for H. G. Brook. It will be three stories high. It will be built of brick and frame with all modern improvements.

Field & Medary, architects, 1414 South Penn Square, will send plans and specification out this week for alterations and additions to the residence of Sam'l. S. Laird on Fisher's Lane, Germantown, plans provide for the building of a new wing four stories in height of brick, and general interior improvements.

It is reported that Edwin Hazelhurst, architect, Girard Building, is working on plans and specifications to govern the erection of a new edifice for the congregation of the Fourth Presbyterian church, to be built at 47th and Kingessing avenue. It is to be stone and brick and will measure 59x93 feet, and will cost about \$45,000.

Baker & Dallett, architects, Crozier Building, have completed plans and specifications for a new residence to be known as Commission No. 391, to be built at Chestnut Hill, Philadelphia. It will be two stories and attic high, built of stone and frame, with porch front. Interior in hardwood, and will contain all modern improvements. Will send same out for bids on June 2nd.

W. C. Prichett, Jr., architect, 418 Walnut street, has completed plans and specifications and will send same out to builders for estimates the latter part of the week for alterations and additions to stable of F. L. Paddock at Grassland Station, Pa. Plans provide for a new wing to be two stories high, of frame and stone and the building of a water tower and tank.

Carl P. Berger, architect, South Penn Square Building, plans and specifications have won in competition for the alterations to the German Society Hall at Marshall and Spring Garden streets. The plans provide for the altering of the interior, the building of an auditorium with stage and gallery up-to-date, heating and the general remodeling of the entire interior. Will be ready for bids in about two weeks.

Frank R. Watson, architect, 1208 Chestnut street, has completed plans and specifications for alterations and additions to the chapel of Villa Maria, West Chester, Pa., for the Sisters of I. H. M. The plans provide for a two-story addition, and general interior improvements. Bids due June 10th. The following builders have been invited to bid: W. R. Burns, of West Chester, Pa.; Wm. R. Dougherty and Cornelius Kiely, of this city.

The plans of Arnold H. Moses, of Camden, N. J., have been selected by the Trenton, N. J., State House Committee for the proposed new Senate chamber. The plans call for a handsome structure. The main floor will be for the exclusive use of senators. A gallery will be provided for reporters and there will be a wide foyer, lounging room or lobby for senators, reception rooms, and five committee rooms. The Senate officers will have working rooms on the second floor.

Jacob Naschold, architect, 504 Walnut street, has completed plans and specifications and sent same out for estimates to builders for alterations to the interior of the Bainbridge Street M. E. Church on the South side of Bainbridge above Eleventh street. Plans provide for a new front of Hummelstown brownstone and general rearranging of the interior. Bids due June 9. The following builders are bidding: James Johnson, Shoemaker & Co., Kendrick Co., F. L. Hoover & Sons, Hiram Miller & Sons and Thomas Riley.

Duhring, Okie & Ziegler, architects, South Penn Square Building, have completed plans and specifications for a new school house to be known as the Easttown school, to be built at Berwyn, Pa. It will be three stories and basement high, and will be built of stone; the first and second floor will be class rooms and the third floor an assembly room, the basement will contain lavatories and manual training departments. The following builders have been invited to bid: W. H. Burns, J. L. Lengel, Milton Younge, Geo. W. McCames, Millard W. Croll and Frank E. Wallace.

Chas. Bolton & Co., architects, Wither-spoon Building, have completed plans and specifications, and sent same out to builders for estimates for alterations and additions to the residence of John T. King, at 2239 North Broad street. Plans provide for a new back building to be three stories high, and built of brick; also general interior improvements. Bids due June 4th. The following builders are bidding: Wm. W. Rea & Sons, Lewis Havens & Sons, and Thomas Seeds.—Same architects have plans in the course of preparation for two double houses to be built at Fifth and Wyalusing avenue. They will be two stories high and will be

built of brick with porch fronts. Interior in hard wood and will contain all modern improvements. Will be ready for bids in a short while.

Building and Real Estate Notes.

Jno. R. Scott, Real Estate Broker, 1014 Walnut street, has sold two lots to E. B. Curl, at 84th and Chalwynda avenue, and upon this site he will erect a two and a half story frame and stone house with porch front and all modern improvements.

Wm. R. Dougherty, builder, 1604 Sansom street, has been awarded the contract to make alterations to the store property of H. C. Coleman, at the southeast corner of 18th and South Penn Square. Plans by C. E. Schermerhorn, architect, 430 Walnut street.

Angus S. Wade Co., builders, 1501 Sansom street, have been added to the list of bidders on the alteration and addition to the property of Chas. Sinnickson, at 13 South Third street, according to the plans of Amos W. Barnes, architect and engineer, 9th and Walnut streets.

The Sterlingworth Brake Beam Co., of Easton, Pa., and others, are having plans and specifications prepared for a large car building plant to be erected at Eddystone, Pa. This company employs over 1000 men. Will be able in our next issue to give more details.

Denny & Welsh, builders, Odd Fellows' Temple, have plans posted for alterations and additions to the old blind asylum property at 20th and Race streets, recently purchased by Archbishop Ryan as a home for Catholic orphans. Plans provide for the building of a three-story building and general interior improvements to the buildings now there. Bids due June 9th. Plans by Henry D. Dagit.

F. L. Hoover & Sons, builders, 709 Ransstead street, have sent in bid on the school house to be built at the corner of Huntington Pike and Robbins avenue, Rockledge, Montgomery county, Pa. It will be two story and basement high, measuring 61x48 feet, of stone and slate roof. Plans by Horace Trumbauer, architect, Land Title Building.

R. C. Ballinger & Co., builders, 218 North 13th street, have been awarded the contract to build the three story factory and one story boiler house at Ruth street, near Clearfield street, for N. Linton & Bro. The factory will measure 50x34 feet and the boiler house 25x33, both to be built of brick and slow burning construction. They will cost about \$13,000. Plans by Savery & Schenck, architects, Stephen Girard Building.

Building and Real Estate Notes

The congregation of St. Peter's Episcopal Church at Third and Spruce streets will erect a parish house to cost \$30,000. We will give more details in our next week's issue.

J. E. & A. L. Pennock, builders, 307 Walnut street, have been awarded the contract to build the new barn building for William Sellers, Esq., at Clifton, Delaware County, Pa.

J. W. Mechert, builder, has been awarded the contract for extensive alterations and additions to Christ Church at Ridley Park, Pa., to cost \$5,000. Work to be started at once.

Jno. R. Wiggins & Co., builders, Heid Building, have been awarded the contract to make alterations and additions to 306 Stock Exchange place. Plans by John T. Windrim, architect, 1107 Walnut street.

McIlvaine & Roberts, architects, Land Title Building, have awarded the contract to builder D. J. Hedden, of 14 South Broad street, for the stone stable for Oswald Smith, Esq., at Merion, Pa. Contract price, \$15,500.

Fred. Gerber, builder, 1530 Columbia avenue, has been awarded the contract for interior improvements to the residence of Frederick Wilhelm, at Reading, Pa. Plans by Jacob Naschold, architect, 504 Walnut street, this city. Work will start at once.

The City Parks Association at the annual meeting of the Fairmount Park Commission advocated the purchase of two additional tracts of ground to be added to Fairmount Park. One tract is located northwest of Wise's mill and the other is in the Cresheim valley.

Machin & Brown, builders, 147 North Seventh street, have been added to the list of builders for alterations and additions to the residence of E. Irwin Scott, at Swarthmore, Pa. (Details of this work previously noted.) Plans by Caldwell & Simon, architects, 1229 Walnut street.

The Board of Trade of Trenton, N. J., has taken steps looking to the deepening of the channel of the Delaware River between Bordentown and Trenton. A committee has been appointed to urge upon Congress the necessity of making an ample appropriation for the work.

Jno. R. Wiggins & Co., builders, Heid building, have plans posted for alterations to buildings 3 and 10 at Girard College. Plans provide for the altering of these buildings into gymnasiums for the students. Bids due June 3rd. Architect Jno. Windrim prepared the plans.

Chas. Gilpin, builder, northeast corner of Fifteenth and Chestnut streets, has plans posted for alterations and additions to the residence of Mr. John W. Brock, at 1417 Spruce street. Plans provide for a back building three stories in height, of brick, and general interior improvements. Bids due June 6. Plans by G. W. & W. D. Hewett, architects, Bullit Building.

Harrison C. Rea, trading as W. W. Rea & Son, builders, 1315 Francis street, have been awarded the contract to build the four-story tenement house measuring 130 x 70 feet at the northwest corner of Seventh and Catherine streets. It will be built of brick, and will have all modern improvements. Plans by Duhring, Okie & Ziegler, architects, South Penn Square Building.

P. J. Morris, Connell Building, Scranton, Pa., has prepared plans for a school building to contain eight rooms and to cost 20,000. All modern conveniences.

The Unitarian Society of Germantown has taken title to the property on the southwest side of Greene street near Queen street. It is 107 ft x 195 ft and costs \$7,500.

At New York the Royal Cigar Company has leased the lot at the northwest corner of Thirty-fourth street and Broadway from Henry Siegel and will erect a four-story iron and glass building to cost \$35,000 as soon as the present lease expires.

Philip H. Johnson, architect, Fidelity Building, has been commissioned by the city to prepare plans for a new engine house to cost \$20,000 to be built at Tenth and South Sts., and a public bath house to cost \$12,000 to be built at Twenty-fifth and Spring Garden Sts.

Bids will be received until June 17 for four or more vertical triplex pumps and gas driving engines for high pressure fire service to be placed in a building to be erected at Delaware Ave. and Race St. William C. Haddock, Director of Public Works, Bureau of Water.

John D. Allen & Co., architects, Betz Building, have plans in the course of preparation for a steam heating plant for the Park Theatre, at Broad and Fairmount avenue, for Messrs. Nixon & Zimmerman, will be ready for bids in a short while.

Captain Spencer Crosby, who has been placed in charge of the work of improving the Delaware and Schuylkill channels, has stated that it is the intention to advertise for proposals as soon as the promised appropriation of \$3,000,000 passes Congress. To complete the work \$5,000,000 will be required.

Charles P. Baldwin, Clinton Building, Newark, N. J., has prepared plans for a six story office building to be erected at 45 Clinton street for the Builders' and Traders' Exchange. It will be well finished, provided with modern conveniences and will cost \$30,000.

It is reported that the Provident Life and Trust Co., at 401 Chestnut St., have commissioned Architects Furness, Evans & Co., of the Provident Building, to prepare plans for a four-story extension to measure 50 x 50

feet to its present building at 36 to 40 South Fourth St.

Duhring, Okie & Ziegler, architects, are making plans for alteration and additions to chapel for the congregation of St. George P. E. church at Venango and Edgemont aves. Plans provide for alterations to the interior and other minor changes. Will be ready for bids in two weeks.

J. V. Poley, Royersford, Pa., has prepared plans for a large church to be erected at Schuylkill Haven, Pa. It will contain a large auditorium and Sunday-school and infant's department. It will be well finished throughout and provided with modern conveniences, church furniture, fixtures, etc.

PHILADELPHIA, WED'Y, JUNE 11, 1902.

Asbestos on the Steamers.

With the departure of the lately constructed Russian battleship "Retvizan," built by the Wm. Cramp & Sons Ship and Engine Building Co., went forward to the world a splendid testimonial of America's wonderful genius and commercial supremacy.

The superior construction of this huge greyhound that now polices the seas and thunders in the name of the great Czár and Peace, deserves well the admiration of its constructors and all those who contribute to the improvements which make possible these great watch-dogs that guard the mandates of law and order.

Among the more potent factors that the real greatness of these achievements rests are the superior mechanism of its engines and economy of fuel. This economy is no better manifested than by the proper insulation of the steam pipes and boiler with a high class non-conducting covering, such as applied by the Asbestos Manufacturing Co., 426 Market st., Phila., Pa. By the use of their covering, the imperial battleship "Retvizan" and cruiser "Varlag," both built by Wm. Cramp & Sons Ship and Engine Building Co., were enabled to deliver the greatest amount of energy possible, both making the world's best records. The trial trips of these vessels demonstrated the importance of proper insulation of steam surfaces, and gave such evidence of the high quality of the Asbestos Manufacturing Co.'s products as to endorse their exclusive use in the insulation of all steam surfaces on the New Steamships "Kroonland" and "Finland," which are now, also, being constructed by Messrs. Wm. Cramp & Sons Ship and Engine Building Co., for the International Navigation Co. These ships when completed will be the largest ever built in this country.

The Asbestos Manufacturing Co. have also secured the contract for the installing of their coverings on the Standard Oil Co.'s whaleback tank steamship "City of Ever-

ett," which is to ply the Atlantic Ocean, carrying oil in bulk. They have also secured contracts from the Neale & Levy Ship and Engine Building Co. for the covering to be used on the tug "Sea King," for Chesapeake Bay traffic, and "Atlantic," the new deep sea steam fishing boat. This marine work along with the abundant stationary and power plant contracts, such as the new power plant for the Philadelphia & Reading Ry. Co., at Reading, Pa., manifests the excellent endorsements which their material and workmanship always receive.

Awarded Three Gold Medals.

The Lucas Exhibit at the Charlestown Exposition made a big hit and has just been awarded no less than three gold medals. All who saw the exhibit pronounce it one of the most instructive and interesting displays of paints and varnishes they had ever seen. The exhibit was located in a prominent position in the Palace of Commerce Building. It was a handsome booth, square in shape, the centre of which was occupied by a large glass cabinet, containing a full array of paints, stains and enamels of every kind from brick paints to the finest fresco colors and artist's gold paints. Three sides of the booth were lined with contortion mirrors which afforded great pleasure and entertainment to the hundreds who visited it.

Architect Notes.

Warrington Lawrence, 111 Fifth avenue, New York, has prepared plans for a four story brick and stone dwelling to be erected at James and Essex streets, Newark, N. J., for Robert F. Ballentine. It will have fine interior finishing, open plumbing, electric lights, steam heat, all modern conveniences. Cost about \$12,000.

Savery & Scheetz, architects, Stephen Girard Building, have completed plans and sent same out for bids for a stable and wagon-house to be built on Bringham street, Germantown, for W. W. Bacon. It will be two stories high, of brick and will have all the up-to-date appointments of a building of its kind. The following builders are bidding: H. B. Shoemaker & Co., A. Simpson, and Frank Eldridge; bids due June 12th.

Isaac Pursell, architect, 119 South Fourth street, has been commissioned by the Building Committee of the Christ P. E. church of New Brighton, S. I., to prepare plans and specifications to govern the erection of their new edifice. It will be one story and clerestory high and will be built of stone. It will have the usual church furnishings, such as handsome pews, stained glass windows, steam heating, etc. This church will be erected under the personal supervising of Mr. Pursell.

The plans of Heacock & Hokanson, 931 Chestnut street, have been selected in com-

petition for the new hospital at Coatesville, Pa. It will be three stories and basement high and will measure 30 x 98 feet of brick. The basement will contain boiler and dining room, pantry, laundry and dead house. First floor, waiting room, office, men's medical ward, main hall, men's surgical ward, housekeeper and operating rooms. Second floor, pay ward, woman's ward and nurses' room. Messrs Heacock and Hokanson will make working plans as soon as possible.

Wm. L. Plack, architect, 1403 Filbert St., has completed revised plans and will send out same this week for the Clearfield Trust Bank and office building to be erected at that place. It will be four stories high instead of five. (Details of this building previously noted). In the same office are working on plans and specifications for a two story manse house for the congregation of the Presbyterian Church at Bel-Air, Maryland. It will be built of stone and timber with porch front and will have all modern improvements. Will not be ready for bids for some time.

Frank R. Watson, architect, 1208 Chestnut street, has completed plans and specifications and will send same out this week for a new residence for Mr. George Randall, at Oakley and Fulkrod streets, Frankford, Phila. It will be three stories high, of brick and stone with porch front. Interior in hardwood, and will contain all modern improvements; also in same office have plans nearly ready for a new residence for Mr. Jno Rapp, to be built at Tacony, Philadelphia. It will be three stories high of brick and stone, porch front. Interior in hardwood, and will contain all modern improvements. It will be ready for bids the early part of next week.

Building and Real Estate Notes.

The Philadelphia Cricket Club's home at Wissahickon Heights was damaged by fire on June 9th. Loss \$6,000.

D. W. Sperry, contractor and builder, 1305 Arch street, is taking sub-bids for the erection of a national bank at Lambertville, N. J. Bids to be in 13th of June.

The handsome new stable of Mr. Percy Wilson, at Devon, Pa., as designed by Duhring, Okie & Ziegler, architects, South Penn Square Building will be built by day work.

H. Marion Zane, builder, Hale Building, has been awarded the contract to make extensive alterations and additions to the residence of Mr. George Sergeant, at 2030 Spruce street.

There is to be no theatre built on Sixth and Germantown Roads as stated in the daily papers. Mr. Gilmour will not pay the price asked by the property owners, so the deal is off.

Architect Notes.

Mantle Fielding, architect, 110 South Fourth street, has plans in the course of preparation for stable buildings and barns for Mr. Jos. M. Shern, to be built at Alloway, Maryland.

William Copeland Furber, architect and engineer, 421 Chestnut street, is working on revised plans for an addition to the Victoria Plush Mill Co. plant, to be erected at Swarthmore, Pa. He will be ready for bids in a short time.

C. M. Burns, architect, 717 Walnut street, is working on plans for a new hospital for the Sisters of St. Elizabeth Convent, at Cornwells, Pa. It will be two stories high and will measure 25x50 feet, and will be built of stone and fireproof construction. Will be ready for bids about July 1st.

Louis C. Hickman, architect, 328 Chestnut street, has completed plans and specifications and sent same out to builders for estimates for alterations and additions to the residence of Walter M. Steppacher at 1804 Spring Garden. (Details of this work previously noted). Bids due June 27.

Wilson Bros. & Co., architects and engineers, Drexel Building, have completed plans and specifications and sent same out to builders for estimates for a stone bridge to be erected at "Chetwood," the county seat of John H. Converse, Esq., at Rosemont, Pa. Bids due June 26.

George Wild, Johnstown, Pa., has prepared plans for five frame double dwellings to be erected on Wood street for the Foster estate. They will be well finished throughout and provided with modern conveniences and improvements. The estimated cost is about \$25,000.

Heyne & Von Leister, 81½ Broad street, Newark, N. J., have prepared plans for a 3-story brick and stone building to be fitted up for store and office purposes for Marshall & Ball, Main street, Paterson, N. J. It will be finely finished and will be provided with all modern improvements. The estimated cost is \$50,000.

Paul & Seymour Davis, architects, 907 Walnut street, have plans in the course of preparation for alterations to the property at 1721 Chestnut street for the Oliver H. Bair Co. Plans provide for a new front of stone and general interior improvements. Will be ready for bids in about two weeks' time.

Chas. E. Oelschlagel, architect, Harrison Building, has completed plans and specifications and sent same out for estimates for alterations and additions to the residence of Chas. R. Hall at Collingswood, N. J. Plans provide for a three-story back building, to be built of frame and stone, and general interior improvements. Bids due June 26. The

following builders are bidding: Jno. Larson & Sons, Walter Patterson, John Jaggers, Coffish & Stoddard, of Camden, N. J., and Jos. Cliphsham, of this city.

Emil Hartman, architect, 514 Walnut street, has plans in the course of preparation for a new stock to be built at Tenth and Callowhill streets, for Geo. Esselinger & Sons. It will be four stories high, measuring 35x70 feet, of brick and iron, and slow burning construction. Will be ready for bids in about one week.

Charles E. Olschlagel, architect, Harrison Building, has completed plans and specifications for extensive alterations to the fire house No. 1, at 19th and South streets. Plans provide for new floors, excavating of cellars, cement work, new plumbing, tile work, new slag roof, etc. The Director of Public Safety has advertised for bids on this work.

Harry Macomb, architect, Real Estate Building, has completed plans and specifications and sent same to the owner, who will receive bids for three houses to be built at 36th and Spring Garden streets. They will be three stories high and will measure 64x18 feet of brick and stone, with porch fronts. The interior will be in hardwood finish and they will contain all the up-to-date improvements. Mr. John A. Kelly, of 8 South Broad street, is the owner.

M. H. & C. S. Dickinson, architects and engineers, Real Estate Building, have completed plans and specifications and sent same out for estimates for a heating plant to be installed in the residence of Mr. Ungerer, at Fern Rock, Pa. Bids due June 28th. The same firm will send plans and specifications out on June 26th for estimates for alterations and additions to the residence of Dr. Hammond at 1222 Spruce St. Plans provide for a new back building and general interior improvements.

Morris & Vaux, architects, Stephen Girard Building, have completed plans and specifications and sent same out to builders for a new gymnasium and school building to be erected for the Friends' School, at Main and Coulter streets, Germantown. They will be one story high. The gymnasium building will measure 40x60 feet and will be built of pebble dashed and stone. Bids due June 28. The following builders are bidding: James Kinrier & Sons, R. C. Ballinger Co., John Davies & Son, Thomas Seeds, Jr., and W. R. Dougherty.

Dull & Coates, architects, 1126 Walnut street, have completed plans and specifications and sent same out to builders for estimates for a new residence to be built at the southwest corner of 39th and Baring streets. It will be three story and basement high. It will be of brick, in the English style of architecture. The interior will be in hardwood finish. The third floor will be

a gallery or studio. The following builders have been invited to bid: Joseph Price, J. N. Berner & Co., M. J. Welsh, Jas. H. Wells and F. L. Michaelson. The plumbing, gas fixtures and heating is reserved.

Hancock & Hokanson, architects, 931 Chestnut street, have completed plans and specifications for a new gymnasium building for the Y. M. C. A. to be erected at West Chester, Pa. It will be two story and basement high, and will measure 40x80 feet, and will be built of brick. The basement will contain swimming pool, shower bath, lockers, etc. The first floor gymnasium proper, the second floor running track. This building is to cost \$10,000, and will be built as soon as the amount is raised. The same firm are engaged on plans and specifications for extensive additions to the plant of Henry Hittner & Son, at Commerce and Hunting-Con streets. Among the work contemplated is as follows: A one and two-story storage shed, measuring 154x90 feet; an engine and boiler house, 32x50 feet; a two-story storage shed and machine shop, 84x375 feet a metal house, 56x52 feet; a stable, 38x32 feet, and an office building, 56x37 feet, to be built of brick and slow-burning construction. Estimates are now being taken on the two-story storage shed and engine and boiler house.

Building and Real Estate Notes.

Specifications are being prepared in Captain Spencer Cosby's office for the work on the deep channel. As soon as completed they will be forwarded to General Gillispie, Chief of Engineers Corps, at Washington, D. C., and when approved bids will be called for.

PHILADELPHIA, WED'Y, JUNE 25, 1902.

Building and Real Estate Notes.

The Bureau of City Property will advertise at once for the work of improving Vernon Park, in Germantown; also Westmoreland Square, at Fifth and Westmoreland streets, and also the old athletic grounds at Twenty-sixth and Jefferson streets.

J. W. Berner & Co., builders, 225 South Sydenham street, have been awarded the contract to make extensive alterations and build the three-story addition of brick to the residence of Dr. Fox, 1304 Walnut street. Plans by Architect Herman Miller, Crozier Building.

Grey Bros., builders, of Rosemont, Pa., have been awarded the contract to build the addition to the residence of Dr. Crowther, at that place. Plans provide for a one-story brick addition to be used as an office by the doctor. Plans by Harry Reinhold, Jr., architect, 430 Walnut street.

J. S. Cornell & Son, Girard Building, have plans posted for Roberts' Hall, to be built on the grounds of the Haverford College, at Haverford, Pa. It will be three stories high and will be of stone, with slate roof. Bids due June 26. Plans by Cope & Stewardson, architects, South Penn Square Building.

W. A. Hurlock & Sons, builders, Stephen Girard Building, have been awarded the contract to build the addition and make alterations to the Drexel Institute and annex at 32d and Chestnut streets, from plans prepared by Wilson Bros. & Co., architects and engineers, Drexel Building.

Jacob Myers & Sons, builders, Juniper and Sansom streets, have plans posted for the completion of the basement of the Medical-Chirurgical Laboratory Building, at the northwest corner of Seventeenth and Cherry streets for the Board of Trustees of the Hospital. Bids due June 30. Plans by Herman Miller, architect, Crozier Building.

The alterations and additions to the old Blind Asylum, at 20th and Race streets, into an orphanage for the Roman Catholic Boys and Girls as planned by Henry D. Dagit, architect, 435 Chestnut street, will

Architect Notes.

Heacock & Hokanson, architects, 931 Chestnut street, owing to increased business, will move from their present room to rooms 515 same building.

W. L. Price, architect, 731 Walnut street, has completed plans for a new residence to be built at Germantown avenue and Hansbury street, for J. C. Winston, of 716 Arch street. It will be three stories high and will be built of brick and stone with porch front. Interior in hardwood finish, and will contain all modern improvements.

Chas. E. Oelschlager, architect, Harrison Building, has completed plans and specifications and sent same out to builders for estimates for a one-story structure 20x90 feet with slag roof, for Mr. Henry Irwin, to be erected at 133 North 22nd street. Bids due July 7th. The following builders are bidding: Mitchell Bros., W. Thompson, W. H. Strode & Son, Jos. Clissham, N. M. Bean, and Angus S. Wade & Co.

Henry D. Dagit, architect, 435 Chestnut street, is working on plans for a convent of St. Mary's, in the pines at Lakewood, N. J., for the Sisters of Charity under the patronage of the Rt. Rev. James A. McPaul. It will be located on the twenty-acre site adjoining the Lakewood Hotel. A Catholic university will be established for the education of young women. The new building will be the main administration building; the other college and dormitory. It will measure 58x150 feet with a centre wing 44x30 feet, and will be four stories high, of brick and stone and to be semi-fireproof.

Amos W. Barnes, architect, 901 Walnut street has completed plans and specifications and sent same out for estimates for a six-story and basement apartment house to be built at the southeast corner of 22nd and Ludlow streets, (owner's name withheld.) It will measure 100x150 feet of brick and steel, and will contain eighty suites of fine rooms, each with bath attachment. There will be a roof garden and pool room, shuffleboard and bowling alleys in the basement. Bids due July 5th. The following builders are bidding: Doyle & Doak, H. B. Shoemaker Co., Martin & Bevan, and Angus S. Wade Co.

Watson, Huckel & Co., architects, 1208 Chestnut street, Philadelphia, have made plans for Horn & Horn's new building, on the north side of Market street, west of 13th street, adjoining the site of Trimby, Hunt & Co.'s building, destroyed in the recent Market street fire. This building will be 23 feet wide and 180 feet deep to rear street and will be of fire-proof construction and fitted up with every requirement of the business in a most complete manner. Steam heat elevators, etc.—Also have made plans for

remodeling St. John's Church, on 13th street, opposite Wanamaker's store. There will be two new and commodious entrances on 13th street, at corners of building, and stone tracery will be used in windows. General remodeling of interior and of basement and towers.—Also plans for remodeling of Union M. E. Church, 16th street, east side, below Fairmount avenue. This means extending the church out toward 16th street with a new stone front with tower on south side at corner and with extension in rear; also steam heat, electric lights, new pews, new decorations, etc.—And have plans on boards for a new stone and brick passenger station for the Boston and Albany Railroad. This includes the platform and canopy, also steam heat, etc. Details later.—Also have made plans for remodeling certain portions of the interior of the Art Club, 22 South Broad street. Plans are before the Board.—And are making plans for the interior wood work and finish for the new West Shore Railroad double deck ferry boat to run on the Hudson river. This includes the decorations, heating, lighting and ventilation.

George T. Pearson, architect, 427 Walnut street, has completed plans and specifications for the addition to the stable of J. Levering Jones at Chestnut Hill. Bids due July 5th. The following builders are bidding: A. H. Williams & Son, W. J. Patterson and A. S. Tourison.—In the same office have completed plans and specifications and sent same out to builders for estimates for a new laundry building for W. F. Snyder, Esq., to be erected on Norwood avenue, Chestnut Hill. It will be one story high, 20x20 feet and will be built of brick. Bids due July 8th. The following builders are bidding: George S. Roth, A. S. Tourison and W. J. Patterson.

Henry D. Dagit, architect, 435 Chestnut street, has completed plans and specifications and sent same out to builders for estimates for a handsome residence for Mrs. Thomas O'Donnell, to be built at Overbrook, Pa. It will be three stories high, measuring 42x71 feet and will be of stone with slate roof. It will have a porch on the front and the side. The interior will be in hard wood finish with six baths, wired for electricity, open plumbing work and all up-to-date improvements. Bids due July 2nd. The following builders are bidding: A. Raymond Raff, F. L. Hoover & Sons, Chas. Smith & Son, Thos. Little & Son, Angus S. Wade & Co., and Jacob Wenzelberger.

Duhring Okie & Ziegler, architects, South Penn Square Building have plans in the course of preparation for a new office building to be erected at the southwest corner of Fourth and Walnut streets for Muir &

Haughton, agents for the London Insurance Company. It will be four stories high and will be built of brick and stone and will have every convenience of a first-class office building. Will be ready for bids in about ten days.

T. Frank Miller, architect Lippincott Building, has plans in the course of preparation for a new residence to be built at Elkins, Pa., (owner's name withheld). It will be two stories and attic high and will measure 30 x 50 feet. It will be built of stone with slate roof, and will have porch front and side. The interior will be in hard wood finish with tile bath rooms, heated by hot air, wired for electricity and all modern improvements. Will be ready for estimates in about ten days time.

C. J. Brooke architects 14 South Broad street have completed plans and specifications and sent same to builders for estimates for the new residence of Dr. J. Watson Martindale to be erected at Twenty-fifth and Federal streets Camden, N. J. It will be two stories and attic high, 68x33 feet of stone, brick and frame, with a green slate roof. Bids due July 14th. The following builders are bidding: J. J. Welsh, H. Mansfield, Keen & Frazier, Mr. Eichfield, Smith Townsend, John Townsend, M. Bauckman, of Camden, N. J., and Joseph Bird, of this city.

Pugh & Downing, architects and engineers Lippincott Building, have completed plans and specifications, and will be ready for bids on July 1st for a pumping station to be erected at Georgetown, Del. It will be one story high and will be built of brick. It will measure 22 x 35 feet. Bids due July 8th. The same firm have sent out plans and specifications for alterations and additions to the residence of Jos. S. Morrison at the northwest corner of Thirteenth and Locust streets. Plans provide for two story rear addition and general interior improvements. Bids due July 2d. Chas. D. Hill and Davis & Sons are building.

Henry D. Dagit, architect, 435 Chestnut street, has plans in the course of preparation for extensive alterations and additions to St. Joseph's Hospital at Seventeenth and Cambridge streets. Plans provide for a new power plant, a new dormitory for the help, new laundry, new ironing room and new boiler house, etc., all to be built of brick. Plans will be ready for bids in about one week. Same architect is working on plans and specifications for a new chapel to be built at Mintola, N. J., for the Italian R. C. Parrish, of that place. It will be built of stone with slate roof and will measure 28 x 80 feet. This work is to be done under the supervision of Bishop McFall and will cost about \$8,000.

PHILADELPHIA, WED'Y, JULY 2, 1902.

A New Firm of Architects.

Watson, Huckel & Co., is the name of a new architectural firm in Philadelphia. This combination has just been affected and is a matter of considerable moment in the building community, as both Mr. Watson and Mr. Huckel have been prominent in the practice of architecture in Philadelphia for many years, and many of the important public and private structures built in the last fifteen years bear their names. They will have offices in both Philadelphia and New York, as Mr. Huckel has been identified with prominent work in New York, such as the Grand Central Railroad Central Station just completed in that city, and other work of equal magnitude. Their Philadelphia offices are at 1208 Chestnut street.

Architect Notes.

Phil. Johnson, architect, Fidelity Building, has plans in the course of preparation for a bath house to cost \$12,000, to be erected at 25th and Spring Garden streets, for the city. It will be one story, of brick. Will be ready for bids in about one week.

Herman Miller, architect Crozier Building, has completed plans and specifications, and sent same out to builders for estimates for the alteration of the old dental building of the Medico Chirurgical Hospital into a physiological and dental laboratory. Bids due July 2d.

C. Jacob Naschold, architect, 504 Walnut street, is working on plans for a new stable for Mrs. Samuel B. Huey, to be erected at Forty-second and Walnut streets. It will be two stories high and will be built of brick. Will be ready for bids in a short while.

C. E. Rahn, architect, 410 Walnut street, has completed plans and specifications and sent same to owner, who will take bids for a new residence for Mrs. Rose Bowers to be erected at Lavndale, Philadelphia. It will be two stories and attic high, 25x70 feet, and will be built of stone and frame, with

porch front. Interior in hard wood finish and will be heated by hot water and contain all modern improvements.

Building and Real Estate Notes.

John C. Gallagher, Broad and Porter streets, will erect 149 two-story dwellings, including six stores and one store house. These will be located on Jackson and Wolf streets between Eighteenth and Nineteenth streets and on Passayunk avenue.

Harry Kueemmerle, builder, Betz Building, has plans posted for alterations and additions to the residence of John C. Sheahan at 502 South Ninth street. Plans by private party. Bids due July 2d.

Charles Gilpin, builder, northeast corner 15th and Chestnut streets, has been awarded the contract to make interior improvements to the residence at 2026 DeLancey Place, at a cost of \$2,500.

Carl P. Berger, architect, has awarded to Mathew Schmidt the contract for the rebuilding and decorating of the hall of the German Society of Pennsylvania at Marshall and Spring Garden streets. Work will start at once.

Appleton & Burrell, builders, 1204 Chancellor street, have revised plans posted for the new Grammar school to be erected at Darby Pa. It is three stories high and will be built of stone. Cost \$16,000. Bids due July 7th. Plans by George V. Rehfuss, architect, 1524 Chestnut street.

Angus S. Wade Co., builders, 1501 Sansom street, will make interior alterations and additions to 113 South Eighth street for Jules Mastbaum at a cost of \$7,000. Plans and specifications by J. Franklin Stuckert & Son architects, 1421 Chestnut street.

Wm. R. Steele & Sons, builders, have been awarded the contract to build the nine-story and basement commercial building to be erected at southwest corner of 13th and Arch streets for the Liveright & Greenwald Co. It will be brick and stone and will have all the appointments of a first-class building of its kind.

F. L. Hoover & Son, builders, 705 Rantstead street, have plans posted for alterations and additions to the residence of Mr. N. S. Schellinger at Jenkintown, Pa. Plans provide for a new back building and general interior improvements. Bids due July 2d. Plans by W. L. Price, architect, 731 Walnut street.

H. B. Shoemaker & Co., builders, 113 North Seventh street, have been awarded the contract to build the new stable for A. F. Lee, Esq., to be built at Carpenter Station, Germantown. It will be two stories high, of stone and pebble dash, slate roof. Plans by Lawrence V. Boyd, architect, Harrison building.

G. W. Arnitt, builder, of Lambertville, N. J., has been awarded the contract to build the new office and bank building for the Lambertville National Bank. It will be four stories, of brick and stone, and will measure

30x70 feet and will cost \$25,000. Plans by C. B. Schermerhorn and Watson K. Phillips, associate architects, 430 Walnut street.

The Ashmead Scheaffer Memorial Church to be erected on the grounds of the Lutheran Seminary, at Mt. Airy, is to be built by days work. Plans and specifications by T. Frank Miller, architect, Lippencott Building.

Mr. H. R. Leonard, of Leonard, Toley & Co., 407 Harrison Building, has been engaged as consulting engineer for the steel bridge to cross the Susquehanna river at Market street, Harrisburg, Pa. Mr. Leonard is working on the plans, which will be submitted to builder for bids in a few weeks.

F. L. Hoover, & Sons, builders, 705 Rantstead street, are requesting bids on plans for the Methodist Church Extension Building, at 1026 Arch street. Bids due July 3rd.—Also plans posted for alterations and additions to the residence of Mr. H. Lewis, at 1928 Spruce street. Plans provide for a new back building and general interior improvements. Bids due July 7th. Plans by W. W. Potter, architect.

Wm. R. Dougherty, builder, 1604 Sansom street, has been awarded the contract to build "Robert's Hall" on the grounds of the Haverford College, at that place. It will be three stories high, and will measure 68x76 feet, and will be built of stone, with slate roof. (Details of this building previously noted.) It will cost about \$50,000. Plans and specifications by Cope & Stewardson, architects, 320 Walnut street.

John R. Wiggins & Co., builders, Heed Building, have plans posted for a convent building for the congregation of the Church of the Immaculate Heart, to be built at Norris and Mary streets, Chester, Pa. It will be three stories high and will measure 37 x 52 feet and will be built of stone and brick, and will have all the up-to-date appointments of a building of its kind. Bids due July 2d. Plans and specifications by Wilson Bros. & Co., architects and engineers, Drexel Building.

A reapportionment of the \$1,200,000 for new school sites and buildings as agreed on by Councils' Committee on Schools has been made by the Finance Committee. The revised apportionment is as follows: For purchase of lots Fifth Section, \$50,000; Seventh Section, \$12,000; Tenth, \$17,300; Twelfth, \$15,000; Fifteenth, \$25,000; Eighteenth, \$5,000; Nineteenth, \$15,000; Twentieth, \$15,000; Twenty-second, \$9,000; Twenty-fourth, \$7,500; Twenty-seventh, \$20,000; Thirty-sixth, \$12,000, and Forty-second, \$20,000. Maurice Herbert, 323 Fifth avenue, New York City, is preparing the plans for the magnificent dwelling to be erected on Riverside Drive, on the block bounded by Riverside Drive, West End avenue and Seventy-fourth and Seventy-fifth streets, New York, for Mr. Charles M. Schwab, President of the United States Steel Company. The cost will be about \$2,000,000. Myer Hellman, 301 Avenue B, has the contract to demolish the old buildings on the site.

F. Steigleter, City Hall, Hoboken, N. J., has made plans for alterations to cost \$5000, to 85 Washington street, N. J. Coyle owner. Plate glass, tiling, electric lights, new toilet rooms, etc. Also plans for a five-story apartment house for Bertha Brede & Sons, 211 Newark street, cost \$11,000, open plumbing, steam heat. Also plans for a two-story brick and stone stable and flats at 43 and 45 Jackson street, for John Ryan, of 48 Jackson street, cost about \$7000.

F. J. Shollar, architect, Keystone Building, 1110 Fifteenth street, Altoona, Pa., has at present on board plans for two school buildings to be erected at Riddlesburg, Pa.; a colonial residence at Altoona, Pa., the gift of Charles M. Schwab; a brick tenement block for Louis Seigel, Altoona, Pa.; Phoenix Fire Company building, Hollidaysburg, Pa.; residence for J. C. May, Hollidaysburg, Pa.; The Pennsylvania Telephone Co.'s Telephone Exchange Building, Altoona, Pa.; college dormitory, Birmingham, Pa., and five dwellings for D. Laughman, Altoona, Pa.

At New Castle, Pa., architect W. G. Eckles has prepared plans for a residence to be erected for Hon. T. W. Phillips, of New Castle. It will be of Roman brick, with stone trimmings, steel beams, tile and copper roofing, tiling, elastic pulp plaster, plastic ornaments, gas and electric fixtures, cabinet and orick mantels, porch with columns, bath tub, washstands, water closet, hot water heating, dumb-waiter. Bids will be received about July 13. Also plans for a public school building, to be erected at Natrona, Pa., and Ellwood City, Pa., each to contain thirteen rooms, and one West Homestead, Pa., to contain eight rooms, all to be brick, stone trimmings, iron and steel beams, sky-lights, door hangers, hard plaster, retiring rooms, and all modern conveniences.

Porter & Gainsford, Butler, Pa., are revising plans for a building to be erected for Kirkpatrick Bros., of Butler, to be fitted up as a store and for flats. It will cost \$20,000. The same architects have made plans for a three-story brick and stone store and flat to be erected for W. E. Ralston, of

Butler, at a cost of \$10,000; also preparing plans for a two-story brick and stone business block to be erected at Zelienople, Pa., at a cost of \$15,000; also making plans for an addition to the dwelling of F. K. Squier, at Grove City, Pa.

At Morgantown, W. Va. Report of work in the office of Elmer F. Jacobs, at this date, Chapter House for the W. Va. Alpha Chapter, Phi Kappa Psi Fraternity, West Virginia University, Morgantown, W. Va. Plans are now ready for estimates on a frame building 32 x 45 feet, two stories, and with a finished room in attic, to be used as meeting hall, slated roof, tin trimmings, open gas fires, with hard wood and brick mantels, and entire house to be finished in oak, white and hard pine. The house will be treated in the Colonial style and is estimated to cost about \$7000. Plans and specifications are now ready for bids, which will close at noon, July 15, 1902. Business building for S. F. Glasscock, Esq., Morgantown, W. Va. Plans are now in preparation and will be ready for bids about July 12; bids will close July 23, at noon. Brick exterior walls faced with press brick, stone trimmings, composition roof, steam heating, oak and hard pine finish, combination gas-electric lighting, hard plaster, metal cornices and sky-lights, cement floors, sidewalk lights, etc. Building is to be 55 x 50 feet, four stories, and is estimated to cost \$12,000. Factory building, cost \$20,000, for the Seneca Glass Co., Morgantown, W. Va., ready for bids July 10, and close July 21, at noon. Building will be 60 x 190 feet, two stories, slow combustion construction, composition roof, steam heating, gas-electric lighting, corrugated iron cast iron, metal cornices and sky-lights, ventilators, joist hangers, yellow pine, hand power lift, blowers, belting, shafting, pulleys, pipe covering, fire apparatus and sprinklers. Publishing house, estimated cost \$8000, for H. M. Morgan & Sons, Morgantown, W. Va., ready for bids July 5, and bids close July 17, at noon.

Frame interior construction, brick exterior, with press brick facing and first story stone, composition roof, steam heating, gas-electric lighting, oak and yellow pine finish, sanitary plumbing, patent plaster, metal cornices, sky-lights, ceilings, etc., elevator, side-walk lights, pulleys, shafting, belting. Building is 24 x 46 feet, five stories, and estimated to cost \$8000. School building, East Waynesburg, Pa., taking bids, to close July 28, at noon. Building is to be built of stone; bids to be taken on native and Cleveland stone. Building will be 79 x 85 feet, two stories and finished basement, slate roof, galvanized iron cornices, balustrades, etc., sanitary

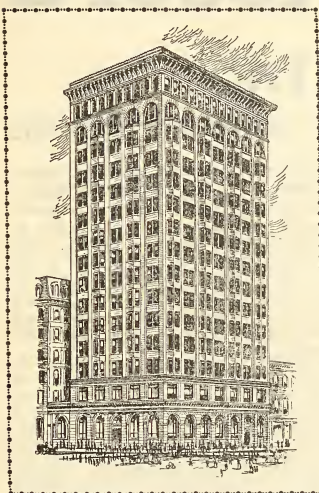

plumbing, warm air heating, gas-electric fixtures, wire lath, steel joist hangers, patent plaster, cement floors, yellow pine, spruce and oak lumber. This job was reported previously and advertised for bids, but has been postponed until the above date. Prof. J. W. Iams is President of the Board, Waynesburg, Pa.; J. R. Pipes, Esq., is Secretary, Waynesburg, Pa.

Heacock & Hokanson, architects, 931 Chestnut street, have completed plans and specifications and sent same out to builders for estimates for the new hospital to be erected at Coatesville, Pa. It will be three stories high, with basement 30 x 100 feet, and will be built of brick, with the usual up-to-date hospital appointments. Bids due July 14. The following builders are bidding: Jacob Myers & Sons, R. M. Stout, Hiram Miller & Son, David McClelland, Machin & Brown, Lewis Havens Son, D. W. Sperry, of this city; Charles H. Ash, of Coatesville, Pa.; J. J. Burger & Son, Lancaster, Pa.; P. E. Jeffers and E. R. & W. H. Griffith & Sons, of West Chester, Pa.

J. A. Dempwolf, architect, York, Pa., has now in course of erection for the city of York the new hospital building (built of brick and stone), which will be equipped with all modern improvements and cost \$50,000. Also plans for the Juniata Valley National Bank Building, at Mifflintown, Pa., to cost \$20,000. Contract for the new Twelfth Ward 12-room brick and stone school building, for the York City School Board, will be executed by the Building Committee under the supervision of the same architect. Mr. Dempwolf has also upon the boards the several buildings for the York Haven Water & Power Company, at York Haven, Pa., to convert the Conegaw Falls of the Susquehanna, River, 10 miles above York, into electric power to supply the cities of York, Harrisburg, Steelton, Middletown and Columbia with motive power and light. These buildings will all be fire-proof and cost \$100,000. Plans have also been completed for the extensive addition and improvements to the beautiful country house and farm buildings of Mr. John Lloyd, at Sunbrook, near Hollidaysburg, Pa., and for the fittings, furnishings and decoration of the banking rooms and private offices of Cassatt & Co., on the station floor of the Arcade Building, corner Fifteenth street and City Hall Square, Philadelphia. Mr. Dempwolf has also upon the boards the plans for the Reformed Stone Church, at Spring Grove, Pa., and the extensive addition to the Parish Buildings for Rev. Father Halftermeyer, at Edge Grove, Adams County, Pa.

Building and Real Estate Notes.

Wm. R. Dougherty, builder, 1604 Sansom street, has plans posted for addition in ball room and gallery of the Hotel Flanders, at Fifteenth and Walnut streets. Plans by Paul & Seymoure Davis, architects, 907 Walnut street. Bids due July 12.

Appleton & Burrell, builders, 1204 Chancellor street, have been awarded the contract to erect three stores on the east side of Eleventh street, below Arch street. They will be two stories high and will be built of brick, and will contain all modern improvements. Plans and specifications by Frank Miles Day & Bro., architects, 925 Chestnut street.

P. L. Hoover and Kendrick & Roberts' builders, have plans posted for a bungalow and stable, to be erected at Ridley Park, Pa., for Mr. Frank H. Barnett, trustee. The bungalow will be one story high, of brick and frame, shingle roof 48 x 57 feet. The stable will be one story high, of clap boards and shingle. Bids due July 14. Plans by Stearns & Castor, architects, Stephen Girard Building.

David Fulton, builder, has been awarded the contract to make alterations and additions to the residence of Mr. John S. Morrison, at the northwest corner of Thirteenth and Locust streets. Plans provide for an addition to the second and third stories to be built of brick and general interior improvements. Contract price \$2500. Plans by Pugh & Downing, architects, Lippincott Building.

H. B. Shoemaker & Co., builders, 113 North Seventh street, have been awarded the contract to make alterations and addition to the store and dwelling at the southeast corner of Thirty-sixth and Sansom streets, for the estate of David Boyd. Plans provide for a new rear addition of brick and general interior improvements. Plans by D. K. & L. V. Boyd, associate architects, Harrison Building.

1902

Semi-Annual Report

OF
BUILDING CONSTRUCTION

AND
TRANSFERS OF

REAL ESTATE

From January 1st to June 30th, inclusive, including the mortgage and ground rent incumbrance on the real estate transferred.

2900 new buildings of all kinds erected or in course of erection at an estimated cost of \$13,553,119 exclusive of the cost of the land. 117 less new buildings than were erected during the same months of 1901, but an increase in the investment of this year's work over that of last year of \$789,049.

1100 alterations and additions (those costing \$300 and over only included) costing \$1,650,000; a falling off in these from last year of 222 in number, while the amount of expenditure in these improvements is \$333,000 less.

Total expenditure this year in building improvements \$15,203,119, or \$456,049 more than for the same months of last year.

We think that a mistake has been made by our operative builders in not having erected more two and three story dwellings.

This statement may seem wild to those who are grinding out opinions based on old conditions. There is nothing to justify the falling off from the record for the same months of last year. Conservatism bordering on distrust is responsible for the shortage, and it makes no difference as to who is affected. Increased cost of material was a factor, but not so great a factor as some believe.

There should be erected during 1902 at least 500 more two and three story dwellings than were built last year. Thus far we are short of last year's record 152.

The industrials have done well, there being 25 more of these this year than were erected during the first six months of last year. This is in itself a single item of evidence as to the value of our statement, as the dwelling house question is always decided by industrial conditions, and the very keynote of these is sounded in the record of marriages, for, as a fact, this is as susceptible to industrial changes as quicksilver to heat and cold.

The 6129 marriage licenses that were issued by

Chief Bird from January 1st to June 30th are a reflect of industrial conditions, and the 1563 issued during the month of June broke all previous records.

The Savings Fund institutions, through their deposits and withdrawals, are also indicative of conditions, as the fluctuations in these lead up to conditions good or bad, which are also controlling influences in the dwelling house question.

It is doubtful if these institutions were ever in a more prosperous condition than at present. Vast volumes of the wage-earners' money are accumulating; the deposits during May and June of this year showing a great increase over those of the same months of last year.

The officers of these institutions are daily requested to waive the time restrictions in order that withdrawals may be made to meet real estate transactions. The importance of this evidence, as to real estate conditions, is too valuable to be ignored for it must be remembered that no more than twelve months ago such a request was but an incident, where now it is a part of the daily history of these institutions.

This means that the wage earners are not only liquidating the incumbrances on their homes and holdings, but are active, buying factors in the market.

Real estate conditions can only be gauged by these things; which are really the strongest evidences of better times. They are, besides, the strongest indications that the old time sentiment of our people for free homes is still active, and also that the estimate of the safety and security of real estate as an investment has not depreciated.

Sensible people often have their nerves shaken by the illogical ranting of a home owner who comes to the surface with a story of the great expense he is under because he owns his own home.

He figures it out on a six per cent. basis, of course, plus his taxes, water rent and repairs, and as many other things as he can find wind to talk about; he is as dead wrong as he is seriously inconsistent.

He does not apply the same rule to his furniture, his family's clothing, his wife's jewelry, nor his horse and carriage, if he keeps them.

The one single thing that yields himself and family more protection, safety, profit and comfort than anything else under the sun becomes the subject of his everlasting vapors.

He is unconscious or ignores the independence associated with home ownership, because of his freedom from the rasping importunities of agent or owner in quest of back rent. He gauges his misfortunes on the yearly rental of a neighboring home while oblivious of the fact that his own home is justly entitled to the monthly or yearly credit the other fellow's house would bring for rental if he occupied it.

This is not only true, but it is of such sterling truth that we would make it a part of the children's education in our public schools in order to extend the sentiment for home ownership, for as a doctrine its place is in line with other economics as it is and always will remain a synonym for good citizenship in every civilized community on the globe.

The Italian residents of our city are sawing wood and saying nothing, while being well cursed, for

they are now in the front rank as buyers of small dwellings.

Our predictions as to immigration, as a natural result of the great changes in industrial conditions on both sides of the Atlantic, are being verified, and the question, "Is all the world coming?" remains to be answered. So far this year the influx of people from foreign lands beats all previous records, and we are informed that a single banking house in this city is selling foreign exchange at the rate of \$75.00 per annum the money to be used for passages to America.

Philadelphia, even now, is getting her full share of these people, and in the natural order of things it won't be long until the inspiration of their environments before a large percentage of these people will have become buyers of small houses.

During the sixteen years we have been engaged in this work, there has never been a time when dwelling houses were so generally rented as at present, and we desire it understood that this statement is made as a result of patient personal investigation, and the statement holds good as to the higher price dwellings with few exceptions.

As one gentleman said: "We have rented dwellings everywhere—north, east and west—until we have none to rent." As another said, out of a rental list of 1500 houses, representing every variety of dwellings, "we have, by actual count (and we may the list of vacants counted only 41 unrented, and ten of these are unfit for living purposes." Another, whose list "for rent" but months ago numbered hundreds, has none now for rent. And a popular gentleman in charge of the real estate department of a well-known Trust company, remarked: "We have nothing to rent except two old shanties in Black Horse street."

This is the story along the whole line, without a single exception, as far as we went, and we certainly went far enough to form an opinion as to general conditions. Of course, it would be absurd to say that there are no exceptions, but these are rare.

There are at present more persons looking for real estate for investment than there has been for years, and buyers of large batches of dwellings are quite apparent. The trouble arises from the fact that the most of these are looking for bargains, and their ideas of a bargain, with exceptions, of course, are based upon old conditions, but the curative, as was the case in building material, is working out a change of sentiment, and it won't be long before buying will become active. There are several large batches of houses under negotiation, even now, and if not sold they will command more money in a year from now, as prices are hardening.

Land is firmly held, and the importance of the vast curtailment of the supply is fully appreciated. The demand for transportation facilities is considerable, but prices seem to be the difficulty in this item as in others.

The following letter will prove interesting, as Mr. Barrow makes a specialty of the sale of sites and the renting and sale of industrial properties.

Office of W. Bruce Barrow, 130 N. 12th St., Philadelphia Real Estate Record, 46 N. 11th St., Phila. Mr. John N. Gallagher.

Dear Sir—I am always very glad to assist in any line of manufacturing and consider your paper is of that line, or at least the real estate part of it. I beg to submit the following:

From September of 1901 there seems to have been a marked improvement in the demand for textile mills, especially dress goods, cassimeres and men's wear, principally in large cities, Philadelphia receiving her share of it. There are few of this class of mills vacant to-day. A large percentage of the applicants have been purchasers. This demand is still holding its own. Manufacturers finding it impossible to locate mills already built have added to their present plant as much as possible.

Among the iron industries the demand has been extensive.

I believe more mills would be erected in Philadelphia if the building laws were not so strict, compelling the builders to spend considerable more money than they would otherwise, and costing more money than the manufacturers can afford.

While the requirements are perhaps necessary and beneficial to insurance rules and the safety of workmen, it does not add materially to the income of the manufacturer.

During the coal strike many large industries have been crippled, and it is hoped that the strike will not continue much longer.

As a whole, from my personal standpoint and observation, I consider the factory business in an exceedingly healthful condition.

During the first week of July, 1902, I had one applicant for a ten acre plot of land, having railroad and Delaware frontage, for the opening up and developing of a large industry for the manufacture of iron. The site has not yet been selected, but several acres are cleared. Several hundred hands will be employed, night and day, the year around. All male help, it is expected that the plant will be in running condition by January 1, 1903. The name of the parties and the direct na-

ture of the corporation I cannot make known at the present moment, but will keep you posted.

Yours truly,

W. BRUCE BARROW.

This city is losing considerable of its population as a result of the popularity of new suburban towns for residential purposes. Considerable building is going on in these towns, particularly on the Pennsylvania railroad. It is stated that dwellings selling at from \$800 to \$900 find ready buyers in the metropolitan district.

Outside of iron and steel, the absence of cohesion among manufacturers is apparent. As a result, prices are seriously affected. This is particularly apparent in the textile industry. Woollens, as well as cotton goods, are entirely too low in price to yield living profits, and it is quite evident that in this direction, at least, no money is being made. Overproduction through the superabundance of machinery, is no doubt the cause, and it is all rot to talk of under-consumption as the people of this country were never better clothed than now.

Money is over plenty, and while the habit of our Trust companies of turning down the applications of operative builders has become chronic, they must sooner or later enter the building field or lose the volume of business they must remain in.

There are a few gentlemen with whom we have talked who do not possess the most optimistic views as to the business outlook, and while not pessimistic they are strictly conservative in their opinions. Of course, all agree that it is a question of crops or products and markets. All whom we have met, however, believe that the trend of public sentiment is towards real estate for investment.

We find that builders are abandoning the method of selling houses on the rent-paying method. There are too many details, and the surrender of second hand houses that have yielded a fair rental only is unprofitable.

Architects are busy and there is a great dearth of heavy work promises, and of considerable variety. The opinions freely expressed among them are most satisfactory, or, as one prominent architect put it, "things never looked better."

Operative work thus far this year has been of the most satisfactory character as to the reliability and integrity of those engaged in it.

Two story construction work represents a total of 2712, against 2185 for the same months of 1901, a falling off of 46. It will be seen by our tables that the following wards are responsible for this loss: Sixth, 10; Twenty-third, 34; Twenty-fifth, 136; Twenty-eighth, 3; Thirtieth, 5; Thirty-second, 5; Thirty-third, 23; Thirty-fourth, 16; Thirty-fifth, 13; Thirty-sixth, 46; Thirty-eighth, 6; Thirty-ninth, 149. While the wards which show noticeable gains are as follows: Eighteenth, 6; Twenty-first, 13; Twenty-second, 99; Twenty-fourth, 4; Twenty-sixth, 5; Twenty-eighth, 132; Twenty-ninth, 126; Thirtieth, 43; Forty-first, 84; Forty-first, 130. There was no Forty-second ward last year; 16 figures this year, thus far, are 64.

Three story dwelling construction shows a total of but 484, against 600 for the same months of last year. Here is a falling off of 106. The wards noticeably responsible for the loss are these: Fifteenth, 2; Eighteenth, 4; Nineteenth, 4; Twentieth, 2; Twenty-first, 13; Twenty-second, 12; Twenty-third, 13; Twenty-fourth, 5; Twenty-seventh, 50; Thirty-second, 11; Thirty-fourth, 108; Thirty-fifth, 2; Thirty-seventh, 26; Thirty-ninth, 24; Forty-first, 11; Forty-first, 4. The wards which show considerable gains are the Seventeenth, 16; Twenty-fifth, 3; Twenty-eighth, 67; Twenty-ninth, 14; Thirty-first, 3; Thirty-third, 30; Thirty-eighth, 30. The new Forty-second ward has its first record, which is 64.

West Philadelphia, with its quota of 802 new two-story dwellings, is just its ahead of its record for the same months of 1901, while in three-story dwellings it is 174 short. Hence, West Philadelphia is its entirety built of buildings of this character—i. e. two and three-story dwellings—just one more than for the first six months of 1901, the total being 912, against 911.

In reviewing our tables of industrial buildings, we find that the total investment in these is this year amounts to \$2,656,536, against \$2,940,546 in 1901, the difference in favor of last year's record is \$283,950.

There were but 106 of these up to July 1st last year, while this year we have 181.

We find that there are 10 less warehouses, 3 less dye and dry houses, 26 more mills and factories, 8 more engine and boiler houses, 3 less breweries and 10 less distilling houses, 3 more foundries and shops and one less of the stores (not stores and dwellings).

Office buildings over two stories are responsible for a cost gain this year of \$7320.

It will be seen that there are only two school houses this year, against seven last year. The investment this year is \$184,000 against \$273,465 last year; a difference of \$89,465.

Seventy-one stables costing \$106,500 this year, against only 52 last year costing \$78,000. It is evident from this that the horse is superseding the bike as a lively gait.

Four churches, costing \$65,490 this year, against 7

in our last July report costing \$244,562; a falling off of \$181,473.

Miscellaneous buildings this year number 81, costing \$2,320,535. Our tables of last July gave 56 of these costing \$1,873,671; a difference in this year's favor of \$446,864.

Alterations and additions amounting to \$360 and over number 1100, costing \$1,650,000; last year there were 1222, costing \$1,933,000; a shortage in the cost of improvements of this nature of \$283,000.

Transfers of real estate property this year number 7079, against 6788 for the same months of 1901. The property transferred this year shows a cash consideration of \$4,164,003.34, while the 6768 last year gave as the cash consideration \$42,867,708.17. Now, the difference is 808 more transfers this year, and a greater cash consideration of \$1,296,295.17.

The following table of transfers for the first six months of each year since 1858 will give comparisons:

Transfers.	Value.
1858-1819	\$42,374,824.05
1859-1860	42,062,734.01
1861-1862	38,947,581.71
1862-1863	41,633,432.03
1863-1864	40,338,194.36
1864-1865	31,387,235.02
1865-1866	41,210,081.05
1866-1867	41,763,126.75
1867-1868	41,625,275.42
1868-1869	42,202,342.74
1869-1870	33,306,575.92
1870-1871	34,619,137.49
1871-1872	42,867,708.17
1872-1873	44,164,003.34

The mortgage incumbrance on the properties transferred this year amounts to \$7,255,495.45, or 33.1 per cent. In 1901 the percentage of mortgage incumbrance on the properties transferred was 39 per cent.; in 1900, 39.7 per cent.; in 1899, 38 per cent.; in 1898, 38.5 per cent.; in 1897, 30 per cent.; in 1896, 34.5 per cent.; in 1895, 30 per cent.; in 1894, 27.3 per cent.; in 1893, 22.1 per cent.; in 1892, 20 per cent.; in 1890, 20.5 per cent.; in 1889, 21 per cent.; and in 1888, 19.2 per cent. The ground rents amounted to \$251,508.79, which, on a 6 per cent. basis, represents a further incumbrance on the properties transferred this year of \$401,513.

The auction sales of real estate this year, to the 30th of June, inclusive, amounted to \$1,770,738.21; last year they were \$2,028,191.00; the difference being \$257,452.79.

This item alone is sufficiently indicative of a better market than last year, for while real property often brings more at auction than at private sale, it is human nature to make the auction room the source of last appeal.

The incumbrances on the real estate sold at auction was: Mortgages, \$53,202.00, and ground rents amounting to \$8,588.92.

The following table, from our report of July, 1901, will enable our readers to make comparisons:

Architect Notes.

H. L. Reinhold, Jr., architect, 430 Walnut street, has completed plans and specifications and sent same to Church Committee for alterations and additions to the Reform Church at Churchville, Southampton county, Pa. Plans provide for the remodeling of the interior and the building a back building of stone.

Frank H. Kelsker, architect, Arcade Building, has plans in the course of preparation for alterations and additions to a residence at Rosemont, Pa. Plans provide for a new addition to measure 35x18 feet and to be two and a half story high, of frame and stone and general interior improvements.

—Also plans for a new stable for the same party at the same place. It will be two story high, 40x46 feet, built of frame and stone and will have the usual stable appointments.—Also a automobile house for the same party. It will be one story high, 18x42 feet, built of frame and stone. Will be ready for bids in about two weeks.

The Bethlehem Evangelical Lutheran congregation are to build a handsome new edifice at Thirtieth and Diamond streets. C. E. Rahn, of 410 Walnut street, is the architect. Plans and specifications have been accepted. In competition by the Church Committee to govern the erection of same. The new church will be built on Diamond street, in front of the present parish building and will measure 52x90 feet and will be two stories and basement high. It will have a front of Port Deposit stone with limestone trimmings. The basement will be utilized for the heating plant and gymnasium. The first floor will contain Sunday school room to seat 500 people, with parlor and library. The second floor will contain auditorium to seat 600 people. It will have the usual church furnishings, such as steam heat, wired for electricity, stained glass windows, etc. This church will probably cost about \$30,000 and will be one of the finest in that section of the city. Mr. Rahn will be ready for estimates in about three weeks.

John D. Allen Company, architects, Betz Building, are preparing plans for two first class fireproof theatres and a nine-story fireproof hotel for a syndicate in Baltimore. They will be built on the block between Franklin and Howard streets, and will take up a space of over 35,000 square feet. The hotel will be built of granite brick and terra cotta, 85x94 feet, and will contain 225 rooms, with 100 private baths attached. The ground and first floors of this hotel will be finished in marble and mosaic. It will contain all modern improvements, such as steam heat, wired for electricity, elevators, etc. The theatres are to be built on each side of the hotel and will have ornamental fronts of granite. One will measure 70x149 feet and the other 75x60. They will have every appointment of a first-class theatre and will be the most complete in this respect. Particular attention is given in case of fire, as they are so arranged that the audience can pass out through the lobby of the hotel. This work will cost \$450,000, and will be started in October of this year, and finished in September, 1903.

Building and Real Estate Notes

Frank E. Wallace, 1019 Chestnut street, builder, has been awarded the contract for interior alterations to the Agnew Memorial Pavilion at the University of Pennsylvania.

H. Marion Zane, builder, Hale Building, is requesting sub-bids on the alterations to the ball rooms of the Hotel Flanders, at 15th and Walnut streets. Bids July 10th.

Plans and specifications by Paul and Seymour Davis, architects, 907 Walnut street.

H. Marion Zane, builder, Hale Building, has been awarded the contract to build the two-story rear addition of brick at 1404 South Second Street. Plans by private parties. Also have been awarded the contract to build the one-story brick laundry addition to the residence at 805 Spruce street, for Anthony M. Zane.

James B. Orr, builder, has been awarded the contract to erect four houses at Fifth and Wyoming avenue, for Mr. Beidler. They will be two stories high and will be built of brick, with porch fronts, and will contain all the latest and most modern improvements. Plans by Charles W. Bolton Company, architects, Witherspoon Building.

Charles Auchter, builder, 1526 North Bailey street, has been awarded the contract to make alterations to the Bainbridge Street M. E. Church, situated on Bainbridge street, above Eleventh street. Plans provide for a new front of Hummelstown brown stone and general remodeling of the interior. This work will cost about \$10,000. Plans and specifications by Jacob M. Naschold, architect, 504 Walnut street.

Jas. B. Breneman, builder, at Lancaster, Pa., has been awarded the contract to erect the handsome edifice for the congregation of St. Paul Reformed Church. It will be two stories and gallery high and will measure 80 x 140 feet, and will be built of stone. It will have the usual church furnishings, such as stained glass windows, pews, steam heating plant, etc. This church, when finished, will cost \$60,000. Plans by Charles W. Bolton & Co., architects.

Armstrong & Printzenhoff, builders, Land Title Building, have been awarded the contract to build the new piers, 13-15 North Wharves, for the Pennsylvania Railroad. The plans provide for filling in present dock between piers with pile platform extending the fender back on the north and south side to Port Warden Line. A Little Off the Top

Attic Wisdom at First Hands for House Owners, House Renters, House Builders and House Designers.

We have just received a book overrunning with practical suggestions about houses—particularly about roofs and all kinds of roofing—rich in interesting historical matter and artistic illustration. Its title is "A Fifty Year Roof."

This book is issued by American Tin Plate Company for general distribution. It treats incidentally of M F Roofing Tin, the Morrison New Method terms and U. S. Eagle terms; but the greater part of its forty-eight pages is devoted to technical information that every house builder, designer, owner or renter should have at hand at all times. One chapter, "How to Construct a Tin Roof," contains many suggestions of inestimable value, and many facts familiar only to experienced builders. Following this are nearly fifty accurate tables and formulas of sizes, weights, gauges and measurements, needful in house building and repairing.

The cover of this book is very artistic in beautiful colorings and very novel in arrangement, part of the design being an actual sheet of the famous M F tin, showing the trademark as it is stamped on the genuine.

Anybody that lives in a house or helps to make houses would be benefited by reading "A Fifty Year Roof," and may have a copy free by sending address to W. C. Cronmeyer, Agent American Tin Plate Company, 1211 Carnegie Building, Pittsburg, Pa.

YOUR INSURANCE

should be adapted to your circumstances, age and occupation.

If you need to emphasize Protection you will buy a Life Policy.

If you wish to combine Savings and Investment with Insurance you will buy an Endowment Policy.

If you are advanced in years and wish to be relieved from financial care you will buy an Annuity Contract assuring you an annual income for life.

If you are undecided as to the kind of Policy, or if you do not now feel able to carry the kind you think you want, THE PENN MUTUAL has a low premium Policy well suited to your case. This Contract enables you to start your Insurance now, and to have your payments credited on any other Policy you may wish to select later—the premium rate of the new Policy to be that of your present age.

Don't Do It!

A GENTLEMAN'S best card under all circumstances is his dress.

Ready-made clothing fills the want where the buyer is built on such lines. But isn't it a mere apology for a covering alongside of carefully-made, well-fitting, stylish garments, particularly when the cost is about equal?

Don't buy ready-made clothing, however attractive, until you see our line of fabrics and get the cost of first-class garments made to your own liking.

You will never learn the art and economy of being well dressed until you become acquainted with the efficiency of

Books Bought

If you have a library or a small parcel of books, send your address and we will call and examine them. If you live away from Philadelphia and have a small lot—say of fifty, one hundred, two hundred, three hundred books—not enough to pay us to make a special trip—send us a list and we will let you know by mail how we buy small quantities. We have thousands of such transactions, and never a dissatisfied seller.

[ENTERED AT THE PHILADELPHIA POST-OFFICE AS SECOND CLASS MATTER.]

VOL. XVII.—No. 29

PHILADELPHIA, WEDNESDAY, JULY 16, 1902

\$5.00 PER YEAR.

Architect Notes.

Architect Hugh Roberts, 1 Exchange Place, Jersey City, N. J., has been selected to make plans for a four-story stone addition to the Insane Asylum at Snake Hill, to cost \$50,000. M. B. Holmes is chairman of the Board of Freeholders, slate roof, steam heat, skylights, combination lighting.

W. D. & G. W. Hewett, architects, Bullitt Building, have completed plans and sent same out to builders for estimates for a handsome new residence for Mr. N. C. Curran, to be built at Pelham, Germantown. It will be three stories high, 83x71 feet, built of stone with shingle roof and will contain all modern improvements.

Duhring, Okie & Ziegler, architects, South Penn Square, have plans in the course of preparation for a new edifice for the Methodist Episcopal Church, to be built at Delanco, N. J. It will be one story and basement high, 40x70 feet, and will be built of frame with stone foundation, will be ready for bids in about two weeks.

Architect William E. Vermeulen, Market street, Paterson, N. J., is making plans for a two-story and basement brick schoolhouse to be erected on Geoffel Road for the borough of Hawthorne, N. J., John G. Whittiker, chairman Building Committee, slate roof, metal ceilings, blackboards, desks and chairs; cost, \$8000.

Pugh & Downing, architects and engineers, Lippincott Building, have completed plans and specifications and requesting sub bids for the owner, Mr. Andrew Luffharry, for twenty-two dwellings to be erected at 51st and Arch street. They will be two stories high, 50x60 feet each, built of brick with porch fronts and will contain all modern improvements. This operation will cost about \$66,000.

Horace Trumbauer, architect, Land Title Building, has completed plans and specifications and sent same out to builders for extensive alteration and addition to 725 Pine street (owner's name withheld), plans provide for a new back building 16x73 feet, to be four stories in height and to be built of stone and brick and general interior improvements. Bids due July 19th. The following builders are bidding: Doyle & Doak, Geo. F. Payne & Co., Jacob Myers & Sons and B. Ketchams & Sons.

Caldwell & Simon, architects, 1229 Walnut street, have completed plans and specifications and sent same out to builders for estimates for a light manufacturing building, to be erected at 116-118 North Seventh street, for Clement F. Lloyd. It will be four stories high and will be built of brick and slow burning construction. Bids due July 23d. The following builders are bidding:

Stacey Reeves & Son, John R. Wiggins & Co., W. R. Dougherty, Angus S. Wade, John Davis & Bro., and J. W. Berner.

Harry D. Dagt, architect, 435 Chestnut street, is at work on revised plans for the new residence for Mrs. Thomas O'Donnell at Overbrook, Pa. Due July 16th, 12 o'clock.—The same architect is at work on plans and specifications for a new rectory for the R. C. Church of the Seven Dolores to be erected at Parkesburg, Pa., Rev. Thos. J. Sullivan, rector. It will be two and a half stories high, built of brick and stone, 36 x 40 feet, and will contain all modern and up-to-date improvements.

Wm. McAuley & Co., architects and engineers, 822 Arcade Building, have completed plans and specifications and sent same out to builders for estimates for alterations and additions to the residence of Frank M. Mack, Fox Chase, Philadelphia. Plans provide for a rear addition of frame and stone and general interior improvements, such as new tile baths rooms, hot water heating, cement work, plumbing, etc. Bids due July 18th. The following builders are bidding: F. E. Wallace, H. M. Zane, Wm. R. Dougherty and J. H. Ashbly, of Fox Chase, Philadelphia.

Andrew Pinkerton, floor layer and planer, 2432 North 33d street, has been awarded the following contracts: Laying all maple floors in Gimbel Bros' new building, 8th and Market streets; Davies' new textile factory, at Frankford; Bromley's factory, at 4th and Lehigh avenue; addition to Reach's factory, Tulip and Palmer streets; yellow pine floors in addition to Drexel Institute, 32d and Chestnut streets; planing maple floors Mariner and Merchants' Building, 3d and Chestnut streets; laying and planing floors in Y. M. C. A. building, Kensington and Lehigh avenues; Odd Fellows hall, 9th and Lehigh avenues; Odd Ladies' Home, Trenton, N. J.; planing floors in cottage at Chelsea, Atlantic City, N. J.

Hales & Ballinger, architects and engineers, 1200 Chestnut street, have completed plans and specifications, and are inviting bids for a large business building, to be erected for Mr. F. W. Ayer, of the firm of N. W. Ayer & Co., advertising agents. The plans call for a seven story and basement structure, to be erected at the S. E. corner of 8th and Sansom streets, with a frontage on Sansom street of 90 feet, and on 8th street of about 95 feet. There will be several small-sized stores on 8th street and one large store on Sansom street, and offices for the Keystone Type Foundry Company, who will also occupy the three upper stories. The structure will be built combination steel frame and slow-burning construction, having all steel work fireproofed. There will be a

large tower fire escape on the Sansom street front, and a brick enclosed staircase shaft on the south side of the building. The building will be constructed of light gray brick with terra cotta trimmings to match, and will be in the French renaissance style of architecture. The architects have made special efforts to plan a building with high fire resisting qualities, using wire glass and metal frames on exposed sides, and a large tank for water supply to fire sprinklers will be installed in the top of the Sansom street tower, which has been designed with a view to lending great dignity to the Sansom street facade of the building. The building will be equipped with two boilers, two electrical generators for power and lighting, and one passenger and two freight elevators of modern type. Work is expected to commence as soon as the estimates are in and completed as soon as possible.

With the event of Rev. Father Crowley as new pastor of the R. C. Church at the St. Theresa at Broad and Catherin streets, a number of interior changes are contemplated. Up to the time of going to press we believe no architect has been engaged.

Chas. W. Bolton & Co., architects, Wither-spoon Building, have won in competition the erection of the Olivet Presbyterian Church at Easton, Pa. It will be one story and basement high and will be built of stone, and when finished will cost about \$50,000.

M. H. & C. S. Dickinson and Herman Schweizer, associate architects, will send out plans on July 16th for estimates for alterations and additions to the business block of Jaque Hoch at the Southwest corner of Sixth and Columbia avenue. They provide for additional back buildings and general interior improvements. Bids due July 23.

Melville & Roberts, architects, Land Title Building, have plans in the course of preparation for two passenger stations, one to be built at Ardmore, Pa., and the other at Llanerch, Pa. The one at Ardmore will measure 20x40 feet and will be built of frame; the one at Llanerch, Pa., will be built of stone 30 x 40. For the Philadelphia and West Chester Traction Company will be ready for bids in about ten days.

Carl P. Berger, architect, South Penn Square Building, is at work on plans for a new building to be erected at 1338 Columbia avenue. It will be built of face brick, copper bays and bulks with limestone trimmings. The interior will be in hardwood tile floors. This building will be used as a cafe, dining room, etc.—Also at work on plans for alterations and addition for Mr. H. Mosebach to 1643 North Broad street. Plans provide for the rearrangement of the interior. Will be ready for bids in about ten days.

PHILADELPHIA, WEDNESDAY, JULY 16, 1902.

Homeology.

Is a coined title given to a booklet issued by Felton, Sibley & Co., paint manufacturers, at 136 North Fourth street.

Its purpose is as original as its title, for it treats of home betterments through the application of paint and varnish and in a way which appeals to the common sense of both men and women who are usually thoroughly ignorant as to the kinds and purposes of both.

As a non-drying, sticky varnish on a sitting room chair would prove an insufferable nuisance—and such mistakes are frequently made—so, too, would the wrong kind of paint on a tin roof be as useless as the same amount of soft soap.

To follow Homeology is to select the products intended for the purposes for which they are desired whether it be the rejuvenation of an old picture frame, a bath tub, a cemetery railing or a cellar door, and thus make mistakes impossible.

It tells you what to buy, where to buy and how to buy. If more than this can be obtained anywhere under the sun just for the asking we don't know it.

Building and Real Estate Notes

The Little Sisters of the Poor now located at the Southwest corner of 42d and Baltimore avenue, are contemplating the erection of a new structure for home purposes in the diocese of St. Francis, De Sales.

J. W. Berner & Co., builders, 225 South Sydenham street, have been awarded the contract to do the carpenter work in the basement of the Medico Chirurgical Hospital at 17th and Summer streets. Plans by Herman Miller, architect, Crozier Building. Gray Bros, builders of Rosemont, Pa., have been awarded the contract to build the new stable at Wynnewood, Pa., for Joshua Bailly. It will be one-story high, of stone and will measure 54 x 20 feet. Plans by Bailey & Truscott, architects, 421 Chestnut street.

Chas. Gilpin, builders, North East corner of 15th and Chestnut streets, is requesting sub bids on alterations and additions to the residence of Mr. H. Birney, 4016 Chestnut street. Bids due July 17. Plans by E. M. Samson, architect.

At South Amboy, N. J., water works bonds for \$65,000 will probably be issued for water works, light and sewers.

Ice piers will be erected by the Government at the Delaware Breakwater; cost, \$110,000.

Extensive alterations will be made to the Hotel Pilkinton at 106-8-10-12 North 11th street. The work will include the alterations of first floor so as to provide for three stores with flush bulks. Bids will be taken by W. Bruce Barrow, 130 North 12th street, after July 16th.

H. Marion Zane, builder, Hale Building, has been awarded the contract for alterations and additions to the residence of Mrs. E. H. G. Slaters at 1319 18th street, Northwest Washington, D. C. Plans and specifications by Horace Trumbauer, architect, Land Title Building, Philadelphia.

F. L. Hoover & Son, 705 Ranstead street, builders, are requesting bids on the parsonage of the Methodist Episcopal Church at Lansdowne, Pa. It will be two and a half stories high, of frame and stone and will contain all modern improvements. Bids due July 18th. Plans by F. M. Mann, architect.

Hartman Bros, builders, 514 Walnut street, have been awarded the contract to build the new residence at Fern Rock, Pa., for John D. Cronin. It will be three stories in height of brick and frame, 16 x 40 feet, and will have a French roof with porch on front and all modern and up-to-date improvements.

Appleton & Burrell, builders, 1204 Chancellor street, are bidding on a machine shop for the Standard Roller Bearing Co. to be erected at 48th street and Merion avenue. It will be one story high 109 x 153 feet, built of brick. Bids due July 18th. Plans by W. C. Pritchett, architect, 413 Walnut street. Geo. F. Payne & Co., builders, 409 South Juniper street, have been awarded the contract to build the new signal tower at 30th and Market streets for the Pennsylvania Railroad Co., It will be two stories high and will be built of brick with the usual block signal appointments. Plans by the company engineers.

F. L. Hoover & Sons, builders, 705 Ranstead street, have been awarded the contract to make alterations and additions to the residence of H. W. S. Lewis, Esq., at 1928 Spruce street. Plans provide for a new back building and general interior improvements. Contract price \$1,700. Plans by W. W. Potter, architect.

The three new houses to be built at 36th and Spring Garden streets for Mr. John A. Kelley, of the firm of Ryan & Kelley, will be built by sub contractors. They are to be three stories high and to be of stone and brick with porch fronts. Plans by Harry Macomb, architect, Real Estate Building.

Competitive plans will be received until July 22 for a public bath house to cost \$10,000. The site is 60 x 100 feet, to be erected at Camden, New Jersey.

The Philadelphia Rapid Transit Company has decided to erect a car barn at Allegheny avenue and Richmond street, to replace the structure now at that place. The new barn will be much larger than the old one and will cover about an acre and a half of ground, including several lots recently bought by the company.

Armstrong & Printzenhoff, builders, Land Title Building, have been awarded the contract to build the new tower signal station on the elevated at 22d and Filbert streets for the Pennsylvania Railroad Company. It will be two stories high 12x30 feet, of stone, slate roof, with the usual appointments. Contract price about \$1,500. Plans by the company engineers.

Kendrick & Co., builders, 1709 Sansom street, has plans posted for the addition to the Branson Machine Works Co. This addition is to be built on North American street. It will be three stories high and will be built of brick and slow burning construction. Bids due July 16. Plans by Amos Barnes, architect and engineers, 9th and Walnut streets.

At Pittsburg, Henry C. Erick will erect a large building to be fixed up as a department store on the site of St. Paul's Roman Catholic Cathedral, which he bought some time since. The structure will be fifteen stories high. Mr. Erick will not reveal the name of the firm to occupy the proposed building, but it is supposed to be a well known New York concern.

Harrison C. Rea, builder, 1815 Francis street, has been awarded the contract to build the new parish house and Sunday school building for the congregation of the Holy Apostles' Church, 21st and Christian streets. It will be three stories high and will be built of brown stone and brick (details of this building previously noted). Plans and specifications by Duhring, Olie & Ziegler, architects, South Penn Square Building.

Charles E. Oelschlag, architect, Harrison Building, has awarded the contract for the one-story foundry building for Henry Irwin, 133 South 22d street, to Mitchell Bros, builders, 1225 Race street (details of this work previously noted). The same architect has awarded the contract for the extensive alterations to fire house known as number one at 19th and South streets to John H. Jordan, builder, 2118 Oxford street. Work will begin at once.

Burd P. Evans, builder, 706 North 9th street, is requesting sub bids on a stock barn to be erected at Bala, Pa., for Mr. S. Twitcheil. It will be two and a half stories high, 51x75 feet, and will be built of stone and frame. The first floor will be utilized for cattle, the upper floors for hay loft and quarters for the help. Bids due July 18th. Also has plans posted for a handsome new residence to be built at Bryn Mawr, Pa., for

Architect Notes.

Chas. Barton Keen, architect, 1604 Chestnut street, is preparing plans for an addition to the factory of Fayette R. Plumb, at Frankford, Philadelphia. It will be one story high, 200 feet x 100 feet, of frame and stone. Ready for bids.

Mr. Lindley Johnson, architect, Harrison Building, has prepared plans for a new Bungalow cottage to be erected at Evans Station, Fayette county, Pa., for A. Kirk Sons Co. It will be one story high of frame and stone.

J. Franklin Stuckert & Sons, architects, 1421 Chestnut street, has completed plans and specifications for a steam heating plant for the new factory of Frank B. Heid & Co., at 13th and Wood Sts., and sent same out for estimates. Bids due July 25.

Heacock & Hokanson, architects, 931 Chestnut street, have completed plans and specifications for alterations and additions to the residence of N. E. Mancell, 34th and Race streets. R. Monroe Stout, Lynch Bros. and James Foster, builders, have been invited to bid.

Horace Trumbauer, architect, Land Title Building, has completed plans and specifications and sent same out for estimates for a new greenhouse to be built at Wyncoote, Pa., for Mr. Grebbel. It will be one story, of brick and stone, with glass skylight. Bids due July 26th.

Duhring, Okie & Ziegler, architects, South Penn Square Building, have completed plans and specifications and sent same out for estimates for alterations and additions to the residence of J. H. Dingee, at Paoli, Pa. Plans provide for an addition of brick and general interior improvements. Bids due July 23rd.

It is reported that Stearns & Castor, architects, Stephen Girard Building, is engaged on plans for a handsome new residence for Mr. H. Whittaker, to be built near Torresdale, Philadelphia. It will be three stories in height, of stone, slate roof, porch on front and sides and will contain all modern and up-to-date improvements.

Wm. F. Kolle & Co., architects, Heed Building, have completed plans and specifications and sent same out to builders for estimates for a new residence for Mr. Frank X. Mathis to be erected at 418 Moore street. It will be two stories high, of brick and stone, and will contain all modern improvements. The following builders are bidding: W. Smith, F. L. Wintz and Kendrick & Co.

Chas. F. Brooke, architect, 14 South Broad street, has sent out plans and specifications to builders for estimates for alterations and general interior improvements to 3306 Chestnut street for an apartment house; also

has plans in the course of preparation for an eight story housekeeper's apartment house to be erected within five squares of the City Hall. It is to be built of stone. Further details later.

Paul & Seymour Davis, architects, 907 Walnut street, will complete plans and specifications and send same out to builders for estimates on Monday, July 28th, for the alterations and improvements to 1714 Chestnut street for the Oliver H. Baer Co. Plans provide for a new front of Indiana limestone, and the rearranging of the interior. It will be wired for electricity, and will have a steam heating plant installed, and will be provided with a passenger and freight elevator. Bids are due August 11th.

At New Castle, Pa., Architects C. C. & A. L. Thayer have made plans for a hospital to be erected at New Brighton, Pa., for the Beaver Valley General Hospital. It will be three stories high, 50x160 feet, with basement. Interior finish of pine, patent plaster, steam heat, gas and electric lighting and fixtures, bath room fittings, electric wiring, electric elevator, tile fire places, hollow tile, laundry outfit, mosaic and tile floors, pipe covering, plate glass, wood mantels. The cost will be \$35,000. Plans will be finished August 15th, 1902.

Watson Huckel Co., architects, 1208 Chestnut street, are preparing plans for the remodeling of the Union African Methodist Episcopal church, 16th below Fairmount avenue. The work will include a new granite front, in the Romanesque style, a fine campanile tower on the southwest corner, and important interior alterations. The same firm are also designing a metal hot house, 60x28 feet for St. Charles' Seminary at Overbrook, Pa.; also a metal and glass palm and flower house to be 115 feet long for Mr. Joseph H. Bromley, at Cheltenham and Wissahickon avenues, Germantown; also at work on plans for the remodeling of St. Joseph's R. C. Orphan Asylum for Boys at Ninth and Pine streets.

Wilson Bros. & Co., architects and engineers, Drexel Building, have completed plans and specifications and sent same out to builders for estimates for the new 8-story office and store building to be erected at the southeast corner of 16th and Chestnut street for Perry & Co. It will be a fireproof structure of light brick and terra cotta with a frontage on Chestnut street of 65 feet and a depth on 16th street of 157 feet. Perry & Co. will occupy the first three floors, the upper floors will be rented out for office purposes. Bids due August 10th. The following builders are bidding: Geo. F. Payne & Co., J. E. & A. L. Pennock, Lewis Havens Sons, John R. Wiggins Co., Cramo Co., Doyle & Doake and Stacey Reeves Sons.

Chas. E. Oelschlager, architect, Harrison Building, has completed plans and specifications for alterations and additions to Dr. Henry W. Loeb, at 138-40-42 North 10th street. Plans provide for a new addition 60x112 feet, four stories high, built of stone with brick trimmings. The following builders are bidding: John R. Wiggins Co., Angus S. Wade Co. and Geo. R. Sipps. Bids due July 25th. Also for alterations and additions to the Southwestern Presbyterian church at 20th and Fitzwater streets, plans provide for new addition, partition, and general interior improvements; also for a new portico and electric wing. Bids due July 25th. The following builders are bidding: Mitchell Bros., D. A. M. C. Celand, Geo. R. Sipps and Thomas Gamon.

Chas. Bolton & Co., architects, Witherspoon Building, have completed revised plans, and sent same out to builders for estimates for the new edifice for the congregation of the Scott Presbyterian Church, to be erected at Broad and Castle avenue. It will be one-story and basement high, built of stone. Bids due July 26. The following builders have been invited to bid: F. L. Hoover & Sons, J. Sims Wilson, H. Rea and E. J. Helden. The same firm will complete plans and specifications and send same out for estimates the latter part of this week for a handsome new Presbyterian church to be erected at 11th and Oak Lane, Oak Lane, Philadelphia. It will be one-story and basement high, 92 x 68 feet, and will be built of stone, with slate roof, and will have the usual church furnishings such as stained glass windows, wired for electricity, heated by steam, etc.

Building and Real Estate Notes

The American Radiator Co., 622 Arch St., main office, Chicago, Ill., will erect a warehouse as soon as a site has been secured. A site is wanted with railroad communication and centrally located.

The extensive alterations and additions to the residence of Mr. H. C. Luders, of 206 South 41st St., will not be made at the present time on account of the bids being too high, and the owner has decided to wait until material gets lower. Plans were prepared by Wm. Copeland Furber, architect and engineer, 421 Chestnut street.

John L. Fry, builder, Real Estate Trust Building, is taking bids on sixteen two-story eight-room houses to be built on Thompson street, south side, between 60th and 61st Sts. The houses will be 15 feet 2 inches by 40 feet in depth, porches, bay windows on the second story front, over porches, open stairways, with all modern conveniences, yards with terraces in front and large yard in rear.

PHILADELPHIA, WED'Y, JULY 24, 1902.

Building and Real Estate Notes.

John S. & W. G. Serrill, Real Estate Brokers, 2756 North 15th street, have purchased nearly 60 acres of the old Sharpless estate, Old York Road and City Line, for \$225,000.

A. K. H. Doughty, builder, of Collingwood, N. J., has been awarded the contract for alterations and additions to the residence of Chas. R. Hall at that place. Plans and specifications by Chas. E. Oelschiager, architect, Harrison Building.

Farrow & Cox, builders, have been awarded the contract to build the new stone bridge at "Chetwood," the country seat of John H. Converse, Esq., at Rosewood, Pa. Plans and specifications by Wilson Bros. & Co., architects, Drexel Building.

D. W. Sperry, builder, 1305 Arch street, has been awarded the contract to build the new Coatesville Hospital at Coatesville, Pa. It will be three stories, of brick (details of this hospital previously noted). Plans by Heacock & Hokanson, 931 Chestnut street.

Angus S. Wade Co., builders, 1501 Sansom street, are requesting sub bids on the revised plans for the Nurses' home in connection with the Jewish Hospital. Bids due July 25th. Plans and specifications by Furness, Evans Co., architects, Provident Building.

It is reported that the wholesale firm of Blum Brothers, now at 1007 Market street, has leased the seven-story building at the northwest corner of 10th and Market streets. Extensive improvements are to be made and will be occupied by them October 1st as a retail store.

James Kinnier & Son, builders, 111 East Chelton avenue, have been awarded the contract to erect the gymnasium and school addition to the Friends School at Germantown (details of this work previously noted). Plans and specifications by Morris & Vaux, architects, Stephen Girard Building.

It is reported that John Stafford, real estate broker, has just completed negotiations for the purchase of the properties at 213 to

225 South 16th street from Richard Austin for \$200,000. The properties have a frontage of 140 feet and a depth of 180 feet, and upon this site a handsome twelve-story fire-proof apartment will be built to cost about \$1,000,000.

A brick and steel building to cost about \$57,500 will be erected at the League Island Navy Yard. Bids for its construction will be received until August 2nd at Washington, D. C., by Mordecai T. Endicott, Chief of Bureau of Yards and Docks, Navy Department, Washington, D. C. Charles Gilpin is one of the bidders.

Frank S. Riggs, builder, Perry Building, has submitted estimates for the erection of a new parsonage for the Methodist Episcopal church at Lansdowne, Pa., to F. D. Mann, H. D. Hale and R. G. Morse, Jr., associate architects, Drexel Building. It is to be three stories high, 26x27 feet, and to be built of frame and shingle.

Nolan Bros., builders, of Chester, Pa., have been awarded the contract to build the new convent for the congregation of the Immaculate Heart of Mary of that place. It will be three stories high, of brick and stone (details of this convent previously noted). Plans and specifications by Wilson Bros. & Co., architects, Drexel Building.

It is understood that a well known local operative builder will erect 95 two-story dwellings on the plot of ground situated between 16th and 17th streets and running south from Wingohocking street. The proposed dwellings will be brick and stone, with porch fronts, and will have all modern and up-to-date improvements and will cost approximately \$200,000.

Lewis Havens Sons, builders, Girard Building, has plans posted for the new Delmar apartment house to be erected at Chelton avenue and Morris street, Germantown, Philadelphia. It will be six stories and basement high, 92x90 feet, of brick and stone, and will contain all the up-to-date improvements of a first-class apartment house. Bids due July 28th.

Chas. Gilpin, builders, North East corner of 15th and Chestnut streets, has plans posted for a pattern shop and storehouse to be erected at the U. S. Navy Yards at League Island. It will be two stories high 75x150 feet, and will be built of stone and brick. Bids due August 2nd. Plans and specifications by Mordecai T. Endicott, Chief of Bureau of Docks and Yards.

Baker & Dallett, architects, Crozier Building, have awarded the contract to Builder W. S. A. Simpson, of Brownville, Va., for the erection of the handsome new residence designed by them to be erected at Welsh, Va. Details of this house previously noted; also have awarded the contract to Chas. A. Moses for the new bank to be erected at Welsh, Va. It will be two stories high, of stone and will have all the modern and up-to-date furnishings of a first-class bank.

J. E. & A. L. Pennock, builders, 305 Walnut St., are requesting sub bids on the nurses

home in connection with the Cooper Hospital, in Camden, N. J. It will be three-stories high with basement, and will measure 70 x 40 feet, and will be built of brick laid in Flemish bond. It will have the usual appointments of a building of its kind. Bids are due July 25th. Plans and specifications by Walter Smedley, architect, Stephen Girard Building.

John Detlefs, builder, 1237 Brown street, has been awarded the contract to make alterations and additions to 1643 North Broad street, and erected the new building at 1338 Columbia avenue for Mr. H. Mosebach, details of this work previously noted. The tile work, plumbing, steam heating, copper work, etc., is not included in this contract. Mr. Berger, the architect, at South Penn Square Building, is now ready for bids on the above sub contracts.

Architects Hales & Ballinger, 12th and Chestnut streets, have given the contract for the erection of a building for the Oakdale Baking Company, at the southwest corner of 10th street and Susquehanna avenue, to A. Raymond Raff. The building will be three stories and basement, 83 feet square. It will be of slow-burning construction, contain tower fire escape and all modern conveniences. Work will be commenced at once and completed in October.

During the present week bids will be received at the Bureau of Survey, City Hall, for the western approaches to the proposed bridge over the Schuylkill river at Passayunk avenue. \$50,000 is available for the approaches and an appropriation of \$300,000 will be asked from Council to continue the work. It is estimated that the entire cost will be about \$1,000,000. The bridge will have two spans, which will be opened by means of electric motors.

Wm. R. Dougherty, builder, 1604 Sansom street, has plans posted for a new residence to be built at Highland station, Chestnut Hill, for Mr. Jos. S. Clark. It will be three stories high, 79x44 feet, and built of brick and stone, with all improvements. Bids due July 26th. Plans by C. C. Zantinger, 263 South Fourth street, architect. Also requesting bids on alterations and additions to the Holy Trinity R. C. church, at 6th and Spruce street. Plans provide for extension of old Sacristy on north side, remodeling of same new floors and the installing of a steam plant. Bids due July 23rd. Plans by George I. Lovatt, architect, 418 Walnut street.

A. S. Tourison, builder, 26 South Mole street, has been awarded the contract for the erection of a player's wing squash court and swimming pool for the Manheim Cricket Club, at Manheim and Morris streets, Germantown. The player's wing will be two and a half stories high, 30x69 feet, and to be built of Boston brick and will be colonial in design. It will contain shower baths, parlor, reception room and all the up-to-date modern improvements. The swimming pool will be one-story high and built of the same kind of brick. It will have an orna-

Architect Notes.

Irwin B Lowry, Phenixville, Pa., has prepared plans for a four-story brick and stone hotel building to be erected at Coatesville, Pa., for Mr. James Taylor, of Phenixville. Bids for its construction will be received until August 8. The architect can give further information.

Hales & Ballinger, architects and engineers, 1200 Chestnut street, have completed plans and specifications for a 16,000 gallon tank to be erected at the factory of Stinson Bros. at Huntingdon and Keese streets. Bids due July 31. Geo. F. Payne & Co., Cramp & Co. and Machine & Brown are bidding.

The following is a complete list of builders that have been invited to bid by Architects Chas. Bolton & Co., Witherspoon Building, on new church at Oak Lane, Pa.: F. L. Hoover & Sons, Burd P. Evans, W. R. Steacie & Sons, D. W. Sperry, and Kendrick & Co., of this city; Hill & Stevens at Oak Lane. Bids due August 5th.

Henry L. Reinhold, Jr., architect, 430 Walnut street, has completed plans and sent same out to builders for estimates for alterations and additions to the Washington House at Phenixville, Pa., Mr. M. J. Hackett, proprietor. The plans provide for an addition to be three stories high of brick and stone and general interior improvements. Bids due August 8th.

Duhring, Okie & Ziegler, architects, South Penn Square Building, have completed revised plans and sent same to builders R. C. Ballinger & Co., Chas. Gilpin and Hiram Miller, of this city; W. Burns, of Berwyn, Pa.; W. J. McCone, of Devon, Pa., and W. Wannon, of Haverford, Pa., for the new stable of Mr. Francis R. Wood to be built at Devon, Pa. (Details of the stable previously noted.) Bids due 5 p. m. July 31st.

Harry Macomb, architect, Real Estate Building, has been awarded the commission to prepare plans, won by him in competition for the erection of the public bath house to be built for the city of Camden, N. J., at Fourth and Mount Vernon streets, and for which Councils recently appropriated \$10,000. The proposed structure will be of brick, one story high, with a swimming tank measuring 40x80 feet.

Milligan & Webster, architects, 520 Walnut street, have won in competition the commission to prepare final plans for the erection of the handsome new Lu Lu Temple on Spring Garden street, east of Broad street. The structure now on the site will be razed and a new edifice erected, four stories in height, of stone, very elaborate in design. The interior will contain an auditorium, meeting and banquet room, with ample quarters for the different purposes of the Order.

The new temple will cost about \$150,000 and will be ready for bids in about two weeks time.

Herman Miller, architect, Crozier Building, is working on plans and specifications for the erection of a six story and basement building to be erected at 17th and Summer street for the Medico-Chirurgical Hospital, the structure will be known as an infirmary, and will be constructed of granite Pompeian brick and terra cotta, and will have all the latest hospital conveniences. Will be ready for bids in a short while.

C. E. Rahn, architect, 410 Walnut street, has completed plans and specifications and sent same out to builders for estimates for the new church for the Bethlehem Evangelical Lutheran congregation, to be built at 30th and Diamond streets. It will be two stories and basement high and will measure 52x90 feet, and will be built of Port Deposit stone with limestone trimmings. (Details previously noted.) Bids due August 9th.

Wilson Bros. & Co., architects and engineers, Drexel Building, have completed plans and specifications for alterations and a belfry addition to the Second Presbyterian Church at Green and Tulpehocken street, Germantown. The belfry will be built of stone. The bids are due July 31st. The following builders have been invited to bid: W. A. Herlock & Son, John R. Wiggins & Co., Geo. F. Payne & Co. and Wm. J. Grubler.

Henry D. Dagit, architect, 435 Chestnut street, has completed revised plans and sent same out to builders for estimates for the handsome new residence of Mrs. O'Donnell to be built at Overbrook, Pa. It is to be three-stories high, of stone. (Details of this house previously noted.) Bids due August 7th. The following builders have been invited to bid: A. Raymond Raff, Angus S. Wade Co., F. L. Hoover & Sons, Mr. Smith and R. Younger.

Wesley Leshner Blythe, architect, 14 Broad street, is working on plans for a semi detached house to be erected at Haverford, Pa. (Owner's name withheld.) It will be two and a half stories high and will measure 41 feet 10 inches x 16 feet and will be built of brick and frame, with a porch in front. The interior will be in hardwood finish, and will contain all the latest and up-to-date improvements. Will be ready for bids in about 10 days.

Perot & Bissell, architects, 303 Bourse Building, have plans in the course of preparation for a new residence to be known as Commission No. 232, to be built at Wilmington, Del. It will be three-stories high and will be built of brick with terra cotta trimmings and slate roof. It will have a porch

on front; the interior in hardwood finish. It will be heated by hot water, wired for electricity, and will have all modern improvements. Will be ready for bids in about two weeks. The same firm are engaged on plans for alterations to a house at Mauch Chunk, Pa. Plans provide for the building of a back building to be two-stories high, of brick, and general interior improvement to the present residence. Will be ready for bids in ten days time.

Chas. E. Oelschlager, architect, Harrison Building, has completed plans and specifications and sent same out to builders for estimates for the erection of a new eight-story business structure for the George De B. Keim Saddlery Co. on the site of the structure recently destroyed by fire at 610 and 612 Market street. The new building will have a frontage of 38 feet, with a depth of 118 feet. The front will be of Pompeian brick, Maynard red stone and copper. The interior will be equipped with all the latest appointments, including steam heat, electric lighting, sanitary plumbing, etc. The building is designed in the latest style of slow-burning construction with tower fire-escape, fire-proof floors, etc. It will cost about \$76,000. The following builders are bidding: Jno. R. Wiggins & Co., Stacey Reeves & Son, R. C. Ballinger & Co., H. B. Shoemaker, Doyle & Doak, Jno. M. Gill, John H. Jorden, Angus S. Wade Co., M. P. Murphy, Chas. McCaul Co., D. A. McClelland. In the same office has also completed plans and sent same out for estimates for a handsome new residence to be built at 1715 Pine street (owner's name withheld). It will be three-stories high, built of brick and stone. It will have a front of Pompeian brick, red stone and copper. The interior will be in hardwood finish with all the latest improvements such as tile baths, leaded glass, wired for electricity, combination fixtures and steam heat. Bids due August 4th. The following builders are bidding: Jacob Myers & Son, W. R. Dougherty, Angus S. Wade Co., Stacey Reeves & son, Geo. F. Payne Co. and A. Raymond Raff.

Building and Real Estate Notes.

The extensive alterations to the residence of I. B. Naylor, at 906 N. 41st street, as planned by Chas. W. Bolton & Co., architects, Witherspoon Building, will be done by days work.

S. Crosby, Captain Corps of Engineers, office, Witherspoon Building, Phila., will receive proposals until Friday, August 8th, for dredging in Delaware River, between Firm's Point, N. J., and Rebooth Hook, Delaware, and also for constructing retaining banks for dredged material.

Removal.

The H. B. Smith Co. has removed its office and warerooms to 704 Arch street. This removal was necessitated by a heavy increase in the business of this concern, and while it was extremely desirable to retain the old location as nearly as possible, greater business facilities were absolutely necessary. The H. B. Smith Co. are manufacturers of the Mercer & Cottage boilers for steam and hot water heating, of which the Mercer particularly is one of the most popular as well as one of the most efficient boilers in the market. The Cottage, while equally efficient for the purposes for which it is intended, is adapted for small dwellings. The works of the company are at Westfield, Mass., and were established in 1853.

Building and Real Estate Notes

The Bureau of Highways is reported to have set aside \$65,000 for repairing and building bridges.

D. W. Sperry, builder, 1305 Arch street, is requesting sub bids on the Lutheran Church, to be built at 5th and Tioga streets. Bids due August 6th. Plans by T. Frank Miller, architects, Lippincott Building.

Wm. Steele & Sons, builders, Witherspoon Building, have plans posted for a new building for Seafried Bros., at 22d and Penna avenue. It will be three stories high and will be built of brick and galvanized iron. Bids due July 31.

F. E. Wallace, builder, 1019 Chestnut street, has been awarded the contract to build an addition to the residence of A. Wallison, at 523 Hermitage street. Plans provide for a back building, 12x14 feet, of brick one-story high.

Burd P. Evans, builders, 706 North 9th street, has been awarded the contract for the handsome new residence of Mr. J. H. Yocum, to be built at Bryn Mawr, Pa. It will be three stories high and will be built

of stone, and will contain all up-to-date improvements. It will cost about \$30,000. Plans by C. E. Schermerhorn, architect, 430 Walnut street. The same builder has been awarded the contract for the one-story frame art studio to be built at Oak Lane and York Road for Dr. Betts. Cost \$3000.

Kendrick & Roberts, Keith Building, builders, will make extensive alterations to the Bartram apartment house, 33d and Chestnut streets. Work will include interior alterations, tile work, copper work, etc. Contract price \$5000. Work will be done under the supervision of Mr. Free, architect.

The Philadelphia Rapid Transit Company has bought the Doylestown & Willow Grove trolley line—a 20½-mile system, connecting with the Rapid Transit's lines at Willow Grove. The purchase gives the company a straight away line out Eighth street to Doylestown, a distance of about twenty-eight miles.

Messrs. M. H. & C. S. Dickerson and Herman Schweizer, associate architects, announce that the alterations and additions that are to be made to the business block for Jacques Hoch, at the southwest corner of 6th and Columbia avenue, have been deferred until October 1st, when the tenant lease expires.

M. P. Murphy, builder, 263 South 10th street, has been awarded the contract to make extensive alteration and build the addition to the residence of Dr. L. G. Hammond, at 1222 Spruce street. Plans and specifications by M. H. & C. S. Dickinson, architects and engineers, Real Estate Building.

Doyle & Doak, builders, 1509 Sansom St., have plans posted for alterations and additions to H. G. Loughlin's residence at the southeast corner of 51st and Locust street. Plans provide for a two-story addition of brick and general interior improvements. Bids due July 31st. Plans by Watson & Hunkel Co., 1208 Chestnut street.

Angus S. Wade Co, builders, 1509 Sansom street, have been awarded the contract to build the four-story light manufactory building at 7th and Arch streets for C. E. Loyd, Jr. It will be built of brick and terra cotta and slow-burning construction, 30x60 feet 6 inches, and will be equipped with every up-to-date appointment. Contract price, \$11,000. Plans by Caldwell & Simon, architects, 1229 Walnut street.

Chas. Gilpin, builder, northeast corner of 15th and Chestnut streets, has submitted estimates to Chas. Barton Keen, architect, 1604 Chestnut street, for the erection of the woodworking shop of Fayette R. Plumb, Inc., at Tacker and James streets, Pk'd. It will be two stories high, of brick, and will measure 69x98 feet.

F. L. Hoover & Sons, builders, 709 Ransdall street, have plans posted for the new edifice to be erected at Oak Lane, Philadelphia, for the First Presbyterian Church at that place. It will be one-story and basement high and will measure 92x68 feet, built of stone with slate roof. Bids due August

4th. Plans and specifications by Chas. W. Bolton & Co., architects, Witherspoon Building.

Wm. Gray & Son, Ridgway & Son, Philadelphia Granite & Blue Stone Co. are making proposals for the handsome new stone front to be built at the Central National Bank Building on Fourth below Chestnut, from plans and specifications prepared by Addison Hutton, architect, Stephen Girard Building.

John H. Brown, Controller, Westmoreland county, office Greensburg, Pa., will receive until August 14th for the erection and completion of the new Court House at that place. Plans and specifications on file at the Prothonotary's Office and with the architect, Wm. Kaufman, Lewis Building, Pittsburg, Pa.

Frank S. Riggs, builders, 1530 Chestnut street, is requesting sub bids until August the first on the new edifice for the congregation of the R. C. Church of the Epiphany, at 12th and Jackson streets. It will be built of stone and will be one-story high with an ornamental front. Plans by Watson and Hunkel, architects, 1208 Chestnut street.

Appleton & Burrell, builders, 1204 Chancellor street, have been awarded the contract to build the machine shop and power house for the Standard Roller Bearing Co., at 48th and Merion ave. The machine shop will measure 112x136 feet and the power house 40x78 feet, to be built of brick. Plans and specifications by William C. Pritchett, architects, 418 Walnut street. Work will begin at once.

Bids are requested on a two and a half story brick and steel building to be used as a packing shop and a one story building connecting passageway to the cartridge factory and a one story brick building for a power plant to be built on the grounds of the United States Arsenal, at Frankford, Phila. Frank Heath, Mayor, Ordinance Department, commanding, will receive bids, which are due August 28th at 11 a. m.

Kendrick & Co., builders, 1709 Sansom street, are requesting sub bids on a new residence to be built at Wynnewood, Pa. It will be three stories high and will be built of stone and frame with a porch on the front and side. The interior will be in hardwood finish and it will contain all the up-to-date improvements. Bids due August the first. Plans and specifications by Walter Smedley, architect, Stephen Girard Building.

It is reported that Anthony M. Zane the contractor and builder, has purchased from the estate of Joseph S. Lovering for about \$500,000 the boundaries of the property purchased are as follows: 21st, 22d, 23d street and Croskey on the west, 24th and 25th on the east and Cambria and Lehigh avenue on the north and south. All the blocks in this tract, which are from 450 to 500 feet long, will be bisected by new well-paved 50-foot streets. It is estimated that nearly 1000 dwellings will be built upon this site as soon as the Municipal Hospital is removed.

pacity of 30,000 barrels will be erected in connection with an artificial ice plant. Among those interested are Morris Kelly, John Tusley, William Vance and George Eckert.

—At Shamokin, Northumberland county, the Board of Trade has a communication from the Anchor Silver Plate Company of Muncie, Indiana, asking for information about a suitable site for its factory as the company wishes to remove its works. The plant now does a business of about \$250,000 a year. Chief Burgess William Thomas, of Shamokin, can give information.

—At McKeesport, Allegheny county, the United States Steel Corporation, has accepted the offer of the Citizens' Committee and will erect the proposed steel plant at McKeesport. The site of the new plant will be between Fourth avenue and the river and from Market street to Martin, making an area of about fifteen blocks. The estimated cost of the plant is about \$10,000,000.

—At Lebanon, Lebanon county, a meeting of councilmen and firemen interested in the erection of the Central Fire Station was held a few days since and received a report from the Committee on Sites. The site of the present Perseverance house seems to be favored. The proposed building will have a frontage of fifty feet and a depth of one hundred feet, including the stable. The building is intended to house the police and fire patrol and six or eight horses.

—At Churchville, Bucks county, the old Reformed church, of North and Southampton, at Churchville, will be remodeled at a cost of about \$3,500, not including a new heating plant, pews and furnishings. The contract for the work has been let to Frank E. Heston for \$3,401, not including heating, furnishing and pews. The Building Committee consists of the pastor, Rev. H. P. Craig, Frank Hoagland, Esq., Jno. R. Banes, Dr. G. A. Parker, Asher Bennett and John Finney. The windows will be of fine cathedral glass, steam heat, handsome furniture and carpets.

VOL. XVII.—No. 32

PHILADELPHIA, WEDNESDAY, AUGUST 6 1902.

\$5.00 PER YEAR.

Architect Notes.

Amos Barnes, architect and engineer, is engaged on revised plans for the proposed addition to the Branson Machine Co.'s plant at 506 American street.

Mr. W. F. B. Ballinger and Mr. Emile G. Perrot, of the firm of Hale & Ballinger, have been elected associate members of the American Institute of Architects.

Hales & Ballinger, architects and engineers, 1200 Chestnut street, have opened a new office at Room 439 Arcade Building at Cleveland, Ohio, and have placed Mr. W. S. Shaw in charge of the same.

At Wilmington, Del., Architect E. L. Rice has awarded to Contractor Hewes the contract to erect two dwellings on Twentieth street for \$6,568. The owners are E. E. Hanna and Robert J. Foord.

H. K. Wampole & Co., 5th and Fairmount avenue, are to build an engine and boiler house to their plant. It is to be one story high 52x24 feet and will be built of brick. Reilly & Pearson, engineers, prepared the plans.

Otto C. Wolf, 1025 Arch street, architect, is working on plans for alterations and additions to the saloon of Henry Sinner at 449 North 13th street. Plans provide for a two-story rear addition of brick and general interior improvements. Will be ready for bids in a short while.

David Lloyd, Jr., owner, will erect a handsome new residence on Knight Road. Collingswood, N. J. It will be three stories and basement high and will be built of stone and frame. The interior will be in hardwood finish and it will contain all the latest and up-to-date improvements. It will cost about \$12,000. Plans by Clement Remington, architect.

Henry D. Dagit, architect, 435 Chestnut street, has plans in the course of preparation for alterations and additions to J. C. Hutchinson, pie bakery on Eleventh street, below Bainbridge street, west side. Plans provide for a new stable to be two stories high of brick and enlarging the baking house and store room. Will be ready for bids in about one week.

M. L. McClure, Homestead, Pa., has prepared plans for four frame dwellings to be erected at Homestead for the Enterprise Land and Improvement Company. The estimated cost is \$10,000; also plans for frame dwelling for Charles Jeffries of Homestead, to cost \$3,000; also plans for frame dwelling to be erected at Munhall, Pa., for Mr. George B. McLean; cost \$3,000.

Lawrence V. Boyd, architects, Harrison Building, have completed plans and specifications for a new residence for Mr. Francis Schumann, to be erected at Pelham Road and

Mower street, Pelham, Germantown. It will be two stories and attic high and will measure 44 feet 3 inches by 40 feet, with a wing 14 feet 3 inches by 23 feet. It will be built of brick, with slate roof, porch front; the interior will be in hardwood finish and will contain all the up-to-date improvements. Bids due August 9th.

Horace Wells Sellers, architect, Stephen Girard Building, will complete plans and specifications and send same out this week to builders for estimates for alterations to the University Club at 1510 Walnut street. Plans provide for alterations to the dining room and pantry, with interior decorations.

W. C. Dilliar, architect, Crozier Building, is working on plans and specifications to govern the erection of eight twin houses, to be built in New Jersey, the exact location and owner's name withheld for the present. They will be three stories high, measuring 30x65 feet, built of brick and stone, with porches on the front, interior in hardwood finish with tile baths, open plumbing work, and all modern and up-to-date improvements. This operation will cost \$80,000.

W. L. Plack, architect, 1409 Filbert street, has completed plans and specifications and sent same out to builders for estimates for a new edifice for the Presbyterian congregation at Port Deposit, Md. It will be one-story high of stone with slate roof and will have the usual church appointments, the first floor will contain infant's class parlor, Sunday school room and auditorium. Bids due August 8th. M. N. Sentman, builder, of Perryville, Md., and Walker & Gibson, of Oxford, Pa., is bidding.

A. R. Duryee, architect, Arcade Building, is engaged on plans for a fire engine house and jail to be erected at Norwood, Pa. It will be two-story high, measuring 32x50 feet and will be built of brick and shingle, the first floor will contain truck house, billiard and meeting room, with a corridor on the side, which will be three cells, the second floor will be an assembly hall, to be used for social purposes. The plans and specifications will be ready for bids on August 5th and bids are due August 12th. The plans will be in the possession of the editor of the Norwood Sentinel after August 5th.

Wm. Copeland Furber, architect and engineer, 421 Chestnut street, has completed plans and specifications and sent same out to builders for estimates for a new department store to be erected at Broadway and Federal street, Camden, N. J., for Geo. A. Mumber. It will be four stories and basement high and will measure 70x140 feet and will be built of brick terra cotta and limestone and slow burning construction. It will be equipped with elevators, wired and lit by electricity, combination fixtures, steam

seat, and will have every up-to-date appointment of a first-class department store. The following work not included in this contract: Steam heating, boiler, engines and dynamos, electric wiring, combination fixtures, plumbing and drainage, elevators and doors for passenger elevators, prismatic pavement, light brass grills. In office bids are due August 11th. The following builders have been invited to bid: Thos. Little & Son, Jacob Myers Son, Burd P. Evans, J. E. & A. L. Pennock, Henderson Co., Limited, and J. S. Rodgers, of Stanwick, N. J.

Paul and Seymour Davis, architects, 907 Walnut street, have completed plans and specifications and sent same out to builders for estimates on alterations and improvements to 1714 Chestnut street for the Oliver H. Baer Co. Plans provide for a new front of Indiana limestone and the rearranging of the interior (details previously noted). Bids due August 15th. The following builders are bidding: Kendrick & Co., H. Marion Zane, Kendrick & Roberts, Appleton & Burrell, John R. Wiggins Co., and August S. Wade Co.

Brouse & Arend, Trenton, N. J., and Asbury Park, N. J., have prepared plans for a large sanitarium to be erected at North Spring Lake for the Seacroft Company. The structure will be three stories high, with basement, and the dimensions 138x31 feet. It will contain thirty-six apartments, therapeutic baths, hot and cold sea water baths and swimming pool. The main part of the basement will be finished with enamel brick sides and tile floor. The first floor will contain parlors, lounging rooms, sun parlor, &c. The second and third floors will contain bed rooms. The exterior of the building will be of brick and shingle, with a twelve foot veranda on each side. Fine interior finish, sanitary plumbing, electric lights, steam heat, all modern conveniences. There will be separate buildings for laundry purposes and for servants' quarters. The site includes two acres of ground bordering on Ocean avenue, improved by a handsome building, stable and carriage house. Work on the new building will begin about September 1st. Competitive bids for the contract will be called for in a short time. The Seacroft Company has for officers, Clarence P. King, president; F. H. Williams, M. D., of Como, N. J., vice president and manager; S. H. Williams, treasurer; S. H. Hulise, of Como, secretary. Among the Board of Directors are A. J. Hemphill, of Philadelphia, Secretary of the Norfolk and Western Railroad; S. Maddock, of Trenton, N. J., President of the Police Commission; and Oscar L. Gubelinan, of Jersey City, Secretary and Treasurer of the Commercial Trust Company. The cost of the proposed sanitarium will be about \$40,000.

PHILADELPHIA, WED'Y, AUG. 6, 1902

"Good Paint."

Until October 1st next John Lucas & Co., paint manufacturers, of this city, desire all of the Lucas dealers—i. e. those selling the products of the Lucas concern—to enter into a window display contest; the exhibit to be confined to the Lucas products excepting such furniture, signs, household articles, etc., as may be needed to complete the display.

Two hundred dollars will be distributed in prizes ranging from \$50.00 to \$10.00; any employee of the dealers' establishment being eligible for competition should the proprietor desire it.

Competitors are not to be confined to any number of displays, as photographs may be submitted for as many as desired, each photograph to stand for itself. The idea is to exhibit "Lucas' Home Helps" in the most striking and expressive ways possible in the windows of those who sell them, and John Lucas & Co. are sufficiently enterprising to give handsome rewards for the painstaking efforts of their customers who enter the contest. John Lucas & Co. have issued a pamphlet under the title of "Good Paint" which not only tells the whole story but lots of other things dealers ought to know.

Architect Notes.

R. C. Loos, architect, 1017 Chestnut street, is engaged on plans for alterations and additions to the Methodist Episcopal church at Delanco, N. J. Plans call for a one-story stone and frame addition, measuring 40x70 feet, and will have the usual church furnishing. Will be ready for bids in about 10 days time.

W. D. & G. W. Hewitt, architects, Bullitt Building, have completed plans and specifications and sent same to builders for estimates on a five-story and basement addition to the Orthopedic Hospital, at 17th and Sumner street. It will be built of brick and terra cotta and will have the usual up-to-date hospital appointments. Bids are due August

10th. The following builders are bidding: Geo. F. Payne Co., Thomas Little & Sons, H. H. Hudson, James Johnson and J. E. & A. L. Pennock.

Stearns & Castor, architects, Stephen Girard Building, will complete plans and specifications and send same out for estimates about August 8th for a handsome new residence for Mr. Henry Whittaker to be erected at Disston street and Frankford avenue, Tacony, Phila. It will be three stories high, built of stone, with slate roof, porch front and all modern improvements. Bids due August 18th. In the same office have plans in preparation for ten houses to be built at Frankford, Phila., for Horricks & France, builders. They will be three stories high, 18x60 feet, built of brick, with porch fronts; interior in hardwood finish with all the up-to-date improvements. The owners will be ready for sub bids in about ten days.

Building and Real Estate Notes.

Wood, Harmon & Co. have offered two lots at East Lansdowne as a site for a Methodist church. Nearly sixty dwellings have been staked out. They will be of frame.

William Steele & Sons, builders, W. r-spoon building, will build a five-story brick furniture factory 30x75 and 50 feet at 2205-07 North Front street for C. Fluehr. It will cost about \$25,000.

George H. McFadden will have a \$2,000 bathroom which will probably be the finest in the State erected at his country place, Barclay Farm, Rosemont, Pa., the whole interior will be of tile inlaid with plate mirrors.

Grey Bros. Co., builders, have been awarded the contract to make extensive alterations to the residence of T. Wistar Brown, Esq., at Villa Nova, Pa., from plans prepared by George T. Pearson, architect.

Chas. Auchter, builder, 1526 Bailey street, has been awarded the contract to make interior alterations to the Philadelphia Labor Lyceum Association, on Sixth street, above Brown street. Plans by Jacob Maschold, architect, 504 Walnut street.

Henry Rust, builder, has been awarded the contract to make alterations and additions to the property of C. M. Allen Co., at 726 Market street. The general contract calls for a rearrangement of the interior. Plans by private parties.

John R. Wiggins Co., builders, Heed Building, have plans posted for the operating room for the infirmary at the Girard College from plans prepared by James Windrim,

architect, 1107 Walnut street. Bids due August 8th.

P. Carroll, manufacturer of range boilers, 1317 Mt. Vernon street, has purchased 1306, 1308 and 1310 Fairmount avenue. Mr. Carroll will erect a new plant suitable to his business, and considerable machinery will be needed. When the new plant is finished the business will be removed.

F. L. Hoover & Sons, builders, 705 Ransstead street, have been added to the list of bidders on the ice manufacturing and cold storage plant for the Montgomery Ice and Cold Storage Co., to be built at Wyncote, Pa. Plans by Holt & Shober, engineers. Bids due August 6th.

George W. Pierson, builder, Lippincott Building, has been awarded the contract for the new extension to the S. W. Evans & Son mill at Frankford, Phila. It will be two-stories high, 30x90 feet, and will be built of brick and will be fire-proof throughout. Plans and specifications by Watson & Huckel, architects, 1208 Chestnut street.

Henderson Co., Ltd., Heed Building, are requesting sub bids on plans for the Lardners Point pumping station for the city. It will be one-story, of brick and stone. The engine house will measure 87x87 feet and the boiler house 86x165 feet. Plans by John W. Hill, chief engineer. Bids due August 9th.

H. Marion Zane and Angus S. Wade Co., builders, have revised plans posted for the new residence for Mrs. Thos. O'Donnell, to be built at Overbrook, Pa. It will be three stories high, 40x50 feet, built of stone, slate roof. (Details of this work previously noted.) Bids due August 9th. Plans by Henry D. Dagitt, architect.

Mr. Reed, builder, at Wilmington, Del., has been awarded the contract to make alterations to the residence of Mrs. J. Danford Bush, at Broome street, Wilmington, Del. Plans provide for the building of a stone porte cochere and alterations to the entrance. Plans by Horace Wells Sellers, architect, Stephen Girard Building, this city.

Grey Bros. & Co., builders, of Ardmore, have been awarded the contract to build the handsome new front to the Central National Bank Building, on Fourth street below Chestnut street. This front will be of Indiana limestone and will cost about \$6,000. Plans and specifications by Addison Hutton, architects, Stephen Girard Building.

Bids were opened at the Navy Department, Washington, D. C., for a storehouse and pattern shop for the steam engineering building at the League Island Navy Yard. L. L. Leach & Son, of Chicago, was the lowest bidder at \$74,731, the other bidders were the Pennsylvania Erecting Co., \$75,000, and Henderson Co., Ltd., at \$79,000.

PHILADELPHIA, WED'Y, AUG. 13, 1902

The Thirty-fourth Ward Business Men's Association.

The first annual outing of the Thirty-fourth Ward Business Men's Association, of which Mr. Amos Christ, of the firm of Huey & Christ, 1209 Market street, is the president, took place on Wednesday last at the "Orchard," Essington.

The entire day was one of outdoor enjoyment, and a better satisfied lot of thrifty business people never met under any auspices than those who enjoyed the excellent dinner prepared by Caterer Greiner.

This organization may very justly be called the pioneer of its kind, for while there are business organizations almost because number this differs from the others because it aims to create among the business and professional men living in the Thirty-fourth Ward a wholesome sentiment of fellowship and neighborly feeling besides educating its members to an appreciation of the fact that a day off from the eternal grind of business life is not only a healthful tonic but is, if properly and conjointly utilized, a potent influence in breaking down the barrier which in city life keeps the active, thinking executive forces apart.

The organization, while only about one year old, has over a hundred members.

Architect Notes.

Hales & Ballinger, architects, 1200 Chestnut St., have invited bids on the one-story dye house, 33x95 feet, to be constructed in the 33d Ward. It will be built of brick with a trussed roof. Bids due August 16th.

Jacob Naschold, architect, 504 Walnut St., has plans in the course of preparation for improvements to be made to the property of Mr. O. W. Weand, at Winsor and Rose Sts., Reading, Pa. Plans provide for masonry and cut stone work. Will be ready for bids in a short while.

Plans have been prepared and approximate

estimates are being taken on the extensive improvements to be made to St. Teresa R. C. Church at Broad and Catharine Sts., the work includes changes to the gallery and general interior improvements. Rev. Father Crowley is the rector.

This **MF** trade mark is stamped on every sheet of the best roofing tin made. This **MF** mark means "Most Favored," because this brand is most favored by architects, dealers, and builders everywhere. **MF** Roofing Tin was first made in Wales 50 years ago—later the process was improved in America—and the product developed, until now **MF** Roofing Tin is more in demand than any other brand. The superior quality of **MF** Roofing Tin is attested by the first prize awarded it at the Paris Exposition, 1900, where it was in competition with all the world.

MF

The entire tinning process is effected by skilled hand labor, without the use of acids or rolls. The very best plates, a great amount of pure tin and new lead, the utmost care in manufacture, successively contribute to making **MF** the best of all roofing. It is most economical, because it lasts longest—many roofs made of **MF** 50 years ago are sound as ever today. **MF** Roofing Tin is sold by dealers everywhere. JOHN N. GALLAGHER,
Proprietor, Publisher and Editor.

PHILADELPHIA, WED'Y, AUG. 20, 1902

For the first time in five years Niagara was out of harness Sunday, June 1st. The rush of water into the great tunnel of the Niagara Falls Power Company was shut off, and the full volume of the river poured through the awful gorge. The managers of the company wished to inspect the tunnel. What condition was it in after 32,400,000 cubic feet of water had hurried through it every hour for five years?

At half one o'clock that Sunday morning a party of engineers, composed of Vice-President William B. Rankine and Edward D. Adams, of the Board of Directors; William A. Brackenridge, resident engineer, and Clemens Herschel, consulting hydraulic engineer of the Niagara Falls Power Company, and others put on rubber suit, and descended into the tunnel. Splashing along through a stream eighteen inches deep, caused by the leakage at the gates, they flashed their torches upon the walls in anxious search for signs of wear. They found none.

From one end to the other, the tunnel was as strong as on the day when it was finished. Of the 19,000,000 bricks used in building it, not one was out of place. The inspection was finished by seven o'clock. The engineers returned to the surface of the earth, the gates were lifted, and one-tieth of the mighty stream of Niagara plunged into the tunnel.

Incidentally, the inspection proved that "Giant" cement deserves its name. Tunnel, wheel-pits and power-house were all built with "Giant." The American Cement Co., of Philadelphia, furnished about 60,000 barrels for the central plant at Niagara Falls and related enterprises, such as the Niagara Falls Paper Co. and the Pittsburg Reduction Co. The work at the tunnel was carried on in circumstances of peculiar difficulty. William S. Humbert, Engineer in charge of construction, says that the "Giant" cement was in some cases "deposited" under water, and in the sumps soon after the masonry was laid the water rose and cov-

ered the "green" work, but it seems to have made no difference in the strength and soundness of the work."

Architect Notes.

It is reported that E. F. Durang, architect 1200 Chestnut, has been commissioned to prepare plans and specifications for a new church at Sixth and Toga streets, for St. Veronica R. C. congregation. It will be one-story and basement of stone.

George I. Lovatt, architect, 418 Walnut street, has been commissioned by Rev. Father Crowley, pastor of St. Teresa R. C. church, at Broad and Catherine streets, to prepare plans for interior improvements that are to be made to the church.

J. F. Stuckert & Sons, architects 1421 Chestnut street, are preparing revised plans for a six-story brick factory building, to be built on Filbert street below Ninth, for Frank Hardart, of the firm of Horn & Hardart. Plans will be ready for estimate in about two weeks.

Kennedy & Kelsey, architects, 931 Chestnut St., have completed plans and specifications and sent same out to builders for estimates for alterations and additions to residence to George H. Colket at 2004 Spruce St. Plans provide for a new rear addition and interior improvements to cost about \$12,000.

Newman Woodman & Harris, architects, Real Estate Building, have been commissioned to prepare plans and specifications for a handsome new residence for Dr. Wilson, to be erected at 1509 Walnut St. It will be four stories high and will be built of stone. The interior will be in hardwood finish and it will have every up-to-date apartment.

Lindley Johnson, architect, Harrison Building, is working on plans and specifications for a handsome new country residence to be built at Bryn Mawr, Pa., for Mr. Horatio Lloyd (further details later). The large country residence to be built at St. Davids, Pa., for Mr. D. M. Barringer from plans by Mr. Johnson, will be done by day work.

J. Horace Cook, architect for the Board of Education, with offices in the City Hall, is working on plans for the Manayunk Grammar School, to be built on Green Lane below Wood St., Manayunk, Phila. It will be three stories high and will be built of stone with slate roof and will contain all the appointments of a first-class school house. Will be ready for bids early in September.

Savery & Scheetz, architects, Stephen Girard building, have been commissioned by the Beta Theta Pi Fraternity to convert the dwelling No. 3529 Locust street into a handsome club house. The property which measures 20x95 feet, was recently purchased from John F. Culin for \$5,800. Plans will be ready for bids the latter part of this week.

Watson & Huckel, architects, 1208 Chestnut St., have completed plans and specifications and sent same out to builders for a

memorial Sunday-school and hall for the Presbyterian Church at Swarthmore, Pa. It will be two stories high, 40x56 feet, of local stone, with Indiana limestone trimmings. Bids due August 23. The following builders are bidding: Mr. Lewis, of Swarthmore, Pa.; Mr. Shuster, of Lansdowne, Pa.; Josh Given and Kendrick & Co., of this city.

Pugh & Downing, architects and engineers, Lippincott building, are working on revised plans and specifications for a new residence for Dr. Robt. Ellegood to be built at Delmar, Del. It will be two story and attic high, 45x72 feet, built of frame with brick foundation. It will have a porch on front and side. The interior will be in hard pine finish, and will contain all modern improvements. Will be ready for bids in about three weeks.

M. H. & C. S. Dickerson, architects and engineers, have completed plans and specifications and sent same out to contractors for estimates for alterations and additions to store at northwest corner of 15th and Venango street, Toga, for Mr. Geo. Jackson. Plans consist of a new back building to be one-story high, of brick and general interior improvements to the store. Bids due August 23.

Thomas Stephens, architect, Masonic Temple, Camden, N. J., has plans in the course of preparation for alterations and additions to a residence at Langhorne, Pa. Plans provide for a new bath room, library and Turkish room and general interior improvements; also taking bids on new stone entrance to Harleigh Cemetery, in Camden, N. J. The following local builders are bidding: Sheild & Co., A. Lyons and Hays Co.

Wm. McAuley & Co., architects and engineers, 13th floor of the Arcade building, are engaged on plans and specifications for a handsome colonial residence to be built at Fox Chase for Mr. F. M. Mack. It will be three stories high and will be built of stone and will measure 60x30 feet with a porch on three sides. The interior finish will be white pine painted. Every appointment of this residence will conform in the colonial style of architecture. Plans will be ready for bids in one week's time.

C. E. Schermerhorn and W. B. Brinkworth, associate architects, have completed plans and specifications, and sent same to owner, who will take bids for a brick and slow-burning construction manufacturing plant to be built at Richmond and Ontario Streets for the Berg Bros. It will be three stories high, 120x180 feet, and will be equipped with automatic sprinklers on each floor and will have two fire tower escapes; lit by electricity; heated by steam heat, with all modern factory appointments. It will cost when finished about \$60,000.

Frank Miles Day & Bro., architects 925 Chestnut street, are engaged on plans for the erection of the new gymnasium and grand stand at 33rd and Spruce streets, for the University of Pennsylvania. The gymnasium as planned will be two stories high, of brick, stone and fireproof materials.
